Which statement is true?		We have speed limit for gravel roads We have a clear legal driver's licence class for pedal cyclists. Steering backlash not to exceed 12,5% of steering wheel circumference	Y

Which car moves FIRST at this intersection?		Car A Car C Car B	Y
Which statement is not appropriate?		Motor cycles are exempted from being fitted with a rearview mirror All motor vehicles must be fitted with rear view mirror(s) Sun visors are mandatory for all motor vehicles	Y
This sign regulates that:		No stopping Hitch hiking allowed Hitch hiking prohibited	Y
The sign warns of:		Width restriction warning Width restriction of 15m Warns of length restriction of 15m	Y
This sign is:		Seat reserved for disabled Lane reserved for disabled Parking for vehicles of disabled	Y
Holding a class 4 & 5 driver's licence means I am qualified to drive:		Agricultural tractor and small car Small car and coupe imp Small car and vintage vehicles	Y
This sign indicates that:		Buses may reverse	

		Lane reserved for buses Buses keep right	Y
Which statement is true with regard to overtaking?		You must overtake if visibility is bad You must not overtake in the face of oncoming traffic You are prohibited from overtaking at night	Y
This sign regulates that:		Cutting corners prohibited Left turn not allowed Sharp curve no longer applies	Y
Which rule is not true for pedal cyclists?		Avoid towing or being towed Sit only on the saddle of your cycle Never worry about keeping both feet on the pedal	Y
Warning reflective T plates sign are fitted on a		Towed trailer Towed broken down motor vehicle Drawing motor vehicle	Y
21 Which statement is not true?		All road tests in Zimbabwe are strictly with manual vehicle Heavy vehicles must have a net mass of 5000kg and above for road test purpose Dual footbrake pedals may be required for driving school vehicles	Y
When approaching a give way sign:		I am obliged to stop before proceeding I am obliged to give way to traffic approaching the intersection on my right only	

		I may proceed with caution and without stopping provided there is no other approaching traffic	Y
Which statement is true?		<p>Pedestrians enjoy right of way only at a pedestrian crossing</p> <p>A person pushing a wheelbarrow is a motorist</p> <p>All motorists must be courteous to the old, disabled and children when using the roads</p>	Y
In rural areas where traffic is not controlled, I should give precedence to:		<p>Traffic approaching from the road on the left</p> <p>Traffic approaching from the road on the right</p> <p>Traffic already in the intersection regardless of which side it is coming from.</p>	Y
During rainy weather		<p>Make sure a vehicle is fitted with good tyres</p> <p>Good hand brake is important</p> <p>Internal lights need to be functioning properly</p>	Y
When approaching a narrow bridge, I must pay attention to:		<p>Height restriction</p> <p>Length restriction</p> <p>Width restriction</p>	Y
Whilst driving when do you take a mobile phone call?		<p>Once you have stopped in a legally permitted place</p> <p>Whilst travelling in rural areas which do not have much traffic</p> <p>If you are confident that your ability will not be compromised by the distraction</p>	Y
Which car stops?		Car B	Y

		Car A	
Which car is breaking the law if both are moving?		Car B Car C Both cars	Y
A car sun visor provides a shield against		Sun glare Street lights Rain	Y
In which of the following situations should you never overtake cyclists?		When approaching right hand bend Immediately before making a left turn On approach to a round about	Y
When in a straight ahead lane at an intersection I am not allowed to:		Turn without indicating Turn at all Turn without checking blind spots Turn without requesting	Y
On approaching a narrow bridge I am allowed to		Flash my lights even for oncoming vehicles Overtake slow moving vehicles Slow down and proceed with caution.	Y
A speed restriction sign means:		Do not exceed the stated speed	Y

		Drive below the stated speed	
		Watch out for the police	
When I intend to stop on the road I must:		Check blind spots and brake hard	
		Flash my hazard lights	
		Slow down, check the rear view mirror, pull off the road and stop	Y
At a rail level crossing with open booms a heavy vehicle driver should		Quickly cross the railway	
		Stop, look both sides and cross when safe	Y
		Stop and look to the right	
The purpose of the parking brake is to		Keep the vehicle stationary	Y
		Keep the vehicle stationary on a gradient only	
		Slow the vehicle down	
At a pedestrian crossing every driver must		Wave the pedestrians through	
		Hoot when it is his turn to go	
		Wait patiently and proceed when appropriate	Y
Fog lights are to be used		In dusty areas only	
		In heavy mist	Y
		At night	
A 'one way' sign is a		Warning sign	
		Danger sign	

		Command sign	Y
All vehicles shall have		Red reflectors in front	Y
		White reflectors in front	
		Either red or white reflectors in front	
When driving a motor vehicle at 06.00am the vehicle must have its headlights lit.		Yes	Y
		No	
		Depends on day light	
In a traffic circle, I shall indicate		When going out	Y
		When going in	
		When making a 'U' turn	
A vehicle turning right should		Give way to window shopping pedestrians	Y
		Give way to oncoming traffic	
		Give way to pedestrians standing on the pavement.	
What is the legal maximum speed on a Zimbabwean highway?		120km/h for all vehicles	Y
		Between 80 and 120 km/h on all roads.	
		120km/h for light vehicles and 80km/h for heavy vehicles	
22 When you are temporarily parked by the side of the road at night, you are to leave		Your headlights on bright beam	Y
		Your tail lights and side lights on.	
		Your headlamps on low beam	

When approaching an animal drawn vehicle		You blow your horn and pass quickly You flash your headlamps You slow down and pass through the safer side	Y
You may overtake		On a blind rise. When there is a continuous white line When there are two or more lanes going in the same direction	Y
You may drive without a safety belt		When you are driving slowly When reversing When you are driving very fast	Y
The hooter is used:		To greet friends In an emergency only When there are animals in the road.	Y
The sign indicates:		Rainy weather ahead Rainy area ahead Reduced visibility in the road ahead	Y
When facing a red robot with an illuminated straight ahead Green arrow, I may:		Proceed straight ahead Turn right should I wish Not proceed	Y
We use heavy gears when		Going uphill	Y

		In muddy area only	
		Starting from rest only	
Which is not true if we need to save on fuel?		Avoid heavy gears	
		Avoid very high speeds	
		Gears and speed have nothing to do with fuel consumption	Y
Vehicle pre-driving checks include		Checking rear view mirrors are properly adjusted	Y
		Checking underneath and around the vehicle for animals and children	
		Making sure we have carried the registration book	
Which car(s) has/have the right of way in this traffic circle?		Car A only	
		Car B only	
		Both Car A and B	Y
What must be avoided when raining?		Driving at high speed	Y
		Reducing speed	
		Switching on wipers	
In which circumstances would I proceed against a red robot?		When there is no approaching traffic	
		When the road is clear on the right	
		When the green arrow is illuminated	Y
A broken yellow line on the left hand side of the road indicates:		It may be straddled to overtake traffic which is turning right	Y
		It may be straddled to overtake cyclists	

		It may not be straddled	
A motor vehicle may tow		Any number of trailers A vehicle of any size if it is able A vehicle only if it has good brakes	Y
If involved in a serious accident, I must:		Report to the police within 24 hours Report to a hospital or fire brigade Report to the police within 48 hours	Y
Which car stops?		Car A Car B Car C	Y
Which car moves last at this intersection?		Car C Car B Car A	Y
Which car goes last?		Car C Car B Car A	Y
A clutch is used to:		Increase vehicle speed Decrease vehicle speed Avoid noise when gear changing.	Y

Diverging lanes means	Two lanes becoming one	
	One lane becoming two	Y
	A road off a roundabout	
Hazard perception means	Following directions of police officers	
	Obeying traffic signals	
	Reading a traffic situation in advance	Y
When you see a rabbit crossing the road in the rural areas, you:	Increase speed to run it over	
	Reduce speed and stop when necessary	Y
	Flash your headlamps and hoot	
A weight restriction is usually associated with	Bridges capacity on weight	Y
	Wet roads capacity on speed	
	Strip roads	
A blind spot on a road is a part of the road	Directly in front of where the vehicle is moving towards	
	Not covered by rear view mirror	Y
	Where visibility is poor due to mist	
23 When a vehicle starts skidding, I should	Brake harder	
	Increase speed	
	Release brakes	Y
You are going to reverse but you are not sure the area is clear. You should	Assume it is clear and reverse anywhere	

		Check only the rear view mirrors	
		Get out of the car and check	Y
You come across stray animals on the road. You ..		Flash your headlights when passing	
		Sound horn to alert them	
		Drive past slowly and give them plenty of room	Y
When towing caravan trailers safest mirrors to use are?		Extended arm side mirrors	Y
		Interior wide angle mirrors	
		Ordinary mirrors	
When overtaking a bike rider in windy weather give more room because		He may accelerate	
		He can be blown off course	Y
		He may not see you	
To facilitate easy movement going uphill you have to		Select lower gear	Y
		Select highest gear	
		Accelerate	
Engine braking effect is felt when you		Select low gear	Y
		Select neutral	
		You apply your handbrake	
When going down a long descent, keeping clutch down too long can cause		More fuel consumption	
		Brake overheating	

		Car can loose control	Y
This sign indicates:		Portion of road is set aside for pedestrians and pedal cyclists Portion of road set aside for motor cyclists and pedestrians Pedal cyclists and pedestrians should yield right of way	Y
Labelling on abnormal load vehicle reads		Abnormal vehicle Abnormal load Abnormal size vehicle	Y
Abnormal load vehicles		Must have escort May not have escort Must have red flash beacon light	Y
You are waiting behind a cyclist at a traffic light. When it changes, you should..		Beep your hooter a drive through before the cyclist does Try to move before the cyclist does Allow cyclist room and time to move	Y
The reaction distance increases because of ...		Old age Engine speed Spongy brakes	Y
When approaching a traffic light that has been green for long		Accelerate quickly Maintain your speed Be prepared to stop	Y

When should a cellphone be used during driving:		In an emergency When traffic density is low Never	Y
This sign warns of:		Dual carriageway ahead Two way carriageway One way street	Y
When meeting a breakdown vehicle flashing its beacon light every driver must		Pull off the road completely Keep to the extreme left and pass as fast as possible Slow down and proceed with caution.	Y
How many passengers are allowed to be carried in a vehicle being driven by a learner driver?		Two The instructor and one other No passengers	Y
What should be remembered when approaching a pedestrian crossing?		Maintain constant speed Pay special attention to pedestrians Increase speed	Y
At the age of 17 years a person can drive motor vehicles classes of		Heavy vehicles Light motor vehicles Agricultural tractors	Y

At night, in well lit areas, drivers should drive with		Headlamps on high beam Spot lights on Headlamps on low beam	Y
An accident has just happened, you being the first at the scene, what are you expected to do?		Render first aid and drive away Render first aid and report to the nearest police Observe from afar and phone the roads department.	Y
When stopping a motor vehicle on a road except in traffic, where will you stop?		On the extreme right of the road Stop in the middle if it is safe to do so On the extreme left of the road or in an authorized parking place	Y
When following a heavy box body goods vehicle, avoid following closely so as.		To avoid thrown litter To be seen by crossing animals To allow safe overtaking and to be visible	Y
...to move forward from behind a parked vehicle?		Apply signal Use all the mirrors, exercise caution and drive off. Just check your blind spot	Y
24 This traffic light regulates that:		Traffic turning to the right may filter if the road is clear Traffic turning to the left may filter if the road is clear Traffic going straight may proceed if road is clear	Y
Which statement is true about Double Prohibition lines?		No vehicle may at anytime be driven on the left hand side of this line	

		Can not be crossed at anytime	
		No vehicle may at anytime be driven on the right hand side of this line	Y
When approaching a level crossing, what must you do?		<p>Increase speed</p> <p>Reduce speed and be ready to stop</p> <p>Maintain speed</p>	Y
What is the maximum speed limit on wide tar roads?		<p>There is no maximum speed limit</p> <p>100km/h</p> <p>120km/h</p>	Y
Which car stops?		<p>Either of the two</p> <p>Car A</p> <p>Car B</p>	Y
What is the general speed limit in an urban area?		<p>40km/h</p> <p>80km/h</p> <p>60km/h</p>	Y
This sign regulates that:		<p>An about turn is prohibited</p> <p>Roundabout ahead</p> <p>Vehicles allowed to turn to the right only</p>	Y
When approaching this sign I should:		<p>Disengage gears.</p> <p>Engage high gear</p>	

		Engage lower gear	Y
When travelling behind another vehicle at night I must:		Switch on my spot lights and sidelights Switch on dipped headlights Switch on my full beam	Y
Which is the correct robot light sequence?		Amber, Red, Green Red, Amber, Green Green, Red, Amber	Y
A continuous white line in the centre of the road:		May cross if there is no oncoming traffic May be crossed in a rural area and game parks May not be crossed under any circumstances.	Y
At this intersection which car would be breaking the law?		Car B Car C Car A	Y
Which of the following vehicles is not subject to carrying a fire extinguisher?		A pedal cycle A motor vehicle which is not yet registered A public service vehicle which is not carrying passengers	Y
A motor vehicle towing two trailers should carry:		6 breakdown triangles 3 breakdown triangles 2 breakdown triangles	Y

Breakdown triangles should be placed within		20 - 45 meters from the nearest point of the breakdown vehicle 30 - 50 meters from the nearest point of the breakdown vehicle 25 - 60 meters from the nearest point of the breakdown vehicle	Y
To drive a Taxicab you must have reached at least the age of:		Twenty years and medically fit Twenty-five years and medically fit Twenty-one years and medically fit	Y
Which car moves SECOND at this intersection?		Car A Car C Car B	Y
At a robot controlled intersection where you have stopped over pedestrian crossing lines, do you:		Reverse the vehicle Stay where you are Decide to carry on in order not to obstruct	Y
When temporarily parked by the side of the road at night, one must leave:		Your headlights on bright beam Your tail lights and side lights on. Your headlamps on low beam	Y
When approaching an animal drawn vehicle:		You blow your horn and pass quickly You flash your headlamps You slow down and pass through the safer side	Y

You may overtake:		On a blind rise.	
		When there is a continuous white line	
		When there are two or more lanes going in the same direction	Y
You may drive without a safety belt:		When you are driving slowly	
		When reversing	Y
		When you are driving very fast	
The hooter is only used:		When there are animals in the road.	
		To greet friends	
		When brakes suddenly fail and there is an accident danger.	Y
A weight restriction is usually associated with		Bridges capacity on weight	Y
		Wet roads capacity on speed	
		Strip roads weight capacity	
A blind spot on a road is a part of the road		Not covered by rear view mirror	Y
		Where visibility is poor due to mist	
		Directly in front of where the vehicle is moving towards	
25 When approaching this sign I am expected to:		Engage brakes continuously	
		Engage low gear	Y
		Engage high gear	
Which car goes first?		Car A	Y

		Car B Car C	
At this sign I should:		Stop and give way to cross traffic Slow down and proceed if there is no traffic Stop and proceed when the road is clear on both sides.	Y
This sign warns of:		Many vehicles following behind A pile up accident Possibility of congestion on road ahead	Y
In case of a rear wheel tyre burst, I		Apply foot brakes immediately Avoid braking completely and control the steering wheel Do whatever comes to mind	Y
What are the colours of a private vehicle registration plates?		Red on white background Black on white background Black on yellow background	Y
When travelling at high speed on a main road, I signal		at least 50m before I turn at least 100m before I turn at least 7,5m before I turn	Y
Direction arrows used in conjunction with prohibition lines on a road surface:		Are for information purposes only Relate to taxi drivers only	

		Have a regulatory effect	Y
Which car stops?		Car A Car B Car C	Y
Which car moves last at this intersection?		Car A Car B Car C	Y
Which car goes last?		Car C Car B Car A	Y
A clutch is used to		Increase vehicle speed Decrease vehicle speed Avoid noise when gear changing.	Y
Converging lanes means		Two lanes becoming one One lane becoming two A road off a roundabout	Y
Hazard perception means		Following directions of police officers Obeying traffic signals Reading a traffic situation in advance	Y

When you see an animal in the road you		<p>Increase speed to run it over</p> <p>Reduce speed and stop when necessary</p> <p>Flash your headlamps and hoot</p>	Y
What is the incorrect sequence of a robot?		<p>Green, Red, Amber</p> <p>Amber, Red, Green</p> <p>Red, Green, Amber</p>	Y
In an urban area, which car has the right of way?		<p>Car A</p> <p>Car B</p> <p>The one which enters the intersection first</p>	Y
Animal drawn vehicles must always have		<p>Proper working headlights</p> <p>Working tail lights</p> <p>Reins and a leader</p>	Y
When stopping a motor vehicle on a road except in traffic, where will you stop?		<p>On the extreme right of the road</p> <p>Stop in the middle if it is safe to do so</p> <p>On the extreme left of the road or in an authorized parking place</p>	Y
How far from a corner are you forbidden to stop your vehicle?		<p>7m</p> <p>7.5m</p> <p>10m</p>	Y
When under the influence of drugs or alcohol what must you do?		Drive slowly to a safe place	

		Stay off the road	Y
		Drive on the extreme left of the road	
The insignia of a command sign is:		A triangle	
		A rectangle	
		A circle	Y
On which side must you overtake animals which are being led:		Left hand side	
		Right hand side	
		Whichever side is safe	Y
What are the directions given by fixed or flashing amber robot at an intersection?		Give precedence to all cross traffic	
		Give precedence to all vehicles coming from the right	Y
		Give precedence to vehicles coming from the left	
Which car goes first?		Car A	
		Car B	Y
		Car C	
26 When traveling at 60km/h, what distance should you leave between your vehicle and the vehicle in front?		6 vehicle lengths	
		5 vehicle lengths	
		4 vehicle lengths	Y
When a fire engine, ambulance or police vehicle approaches sounding its special warning device, what		Move as fast as possible	

		Move out of its course and stop	Y
		Move slowly on the left side	
What time should persons driving on the road switch on their headlights?		Between 5:30pm and 6:30am	Y
		Between 5:30am and 6:30pm	
		Any convenient time	
If you are dazzled by the light of other vehicle, what must you do?		Dip, get out of the way and slow down	Y
		Retaliate	
		Increase your speed	
When you are driving and feel sleepy, what must you do?		Maintain a slow speed	
		Move off the road and rest	Y
		Maintain a high speed	
All vehicles shall have:		Red reflectors in front	
		White reflectors in front	Y
		Either red or white reflectors in front	
The law says when driving a motor vehicle at 6.00am the vehicle must have its headlights lit:		Yes	Y
		No	
		Depends on day light	
In a traffic circle, I shall indicate:		When going out	Y
		When going in	

		When making a 'U' turn	
A vehicle turning right should		Give way to window shopping pedestrians Give way to oncoming traffic Give way to pedestrians standing on the pavement.	Y
What is the legal maximum speed on a Zimbabwean Highway?		120km/h for all vehicles Between 80 and 120 km/h on all roads. 120km/h for light vehicles and 80km/h for heavy vehicles	Y
Which car goes last?		Car B Car A Car C	Y
Which car goes last?		Car C Car B Car A	Y
What must you do before you change direction?		Signal my intention when turning left only Signal my intention when turning right only Signal my intention before acting and see that the road is clear before changing direction	Y
This sign regulates:	 	Time restriction Speed restriction Weight restriction	Y

This sign regulates that:		<p>Vehicles should give precedence to traffic oncoming from the road on the right</p> <p>Vehicles should give precedence to traffic coming from the left</p> <p>Vehicles should give precedence to all cross traffic</p>	Y
When travelling at 75km/h I must leave a gap of:		<p>Four vehicle lengths.</p> <p>Seven vehicle lengths</p> <p>Five vehicle lengths</p>	Y
Which car goes last?		<p>Car C</p> <p>Car A</p> <p>Car B</p>	Y
Which car gives right of way?		<p>Car A</p> <p>Car C</p> <p>Car B</p>	Y
When in a straight ahead lane at an intersection I am not allowed to:		<p>Turn without indicating</p> <p>Turn at all</p> <p>Turn without requesting</p> <p>Turn without checking blind spots</p>	Y
At a bridge, I am not allowed to:		<p>Overtake slow moving vehicles</p> <p>Slow down and check the road ahead</p> <p>Dip my lights even for oncoming vehicles</p>	Y

A speed restriction sign means:		Do not exceed the stated speed Drive below the stated speed Do not exceed the stated speed	Y
When I intend to stop on the road I must:		Flash my hazard lights Slow down and stop Slow down, check the rear view mirror and stop	Y
At a rail level crossing with open booms a driver should		Quickly cross the railway Look both sides and cross Stop and look to the right	Y
The purpose of the parking brake is to		Keep the vehicle stationary Keep the vehicle stationary on a gradient only Slow the vehicle down	Y
At a pedestrian cross every driver must		A.Wave the pedestrians through B.Hoot when it is his turn to go C.Wait patiently and proceed when appropriate	Y
