Authoress: choizey onas

Tyler POV

I looked through the window of my room....

The morning looks beautiful

Birds singing in the sky and the bright sun rising from the east

Oh my,

Today is another stressful day for me, I mean

Being a celebrity is not so easy for me

I have to go through all those crazy fans again

Through those paparazzi and many more

Like you all know

Am the real demi god

Wait a minute....

Am a demi water god.

When I say am a water god I don't mean I live in water

Buh the thing is I can't do without water for a day.

Water rules me

It gives me energy and it possesses a lot of things in my body

My dad is a god

He died when I was three years old

And my mom

She doesn't wanna loose me either

But i know I will be leaving one Day

Am a superstar, girls droll over me

They droll over my name alone

They refer to me as a demi god

But they don't know am for real tho....

I have always heard about love, yea yea I know

gods do fall in love

But I don't believe in love Please don't ask me why

Its just that am not a good lover, I don't wanna experience it again

I have experienced it once....

When I fell in love with mila back in high school

She toyed with my heart of gold

Did I even lay a curse on her????

Yea, she will never find love like the one I gave her

Mila is charming, beautiful, round puppy eyes and pointed nose

She's a slut

I don't do sluts

They disgust me to the core like they irritate me so much.

Do I even believe in love????

Its really hard for me to fall in love

Except you got the qualities of the bride of a god

Okay am gonna tell you the qualities later

Argggghhhh

I felt a sharp pain in my chest

Dats because I need water now

I rose up lazily from my bed as I

walked towards the swimming pool.

I jumped into the water as I felt relieved

Yea I allowed the water flow through my body

I dipped myself into the ten feet pool...

Yea you wondering why its deep right?

I got to the bottom of the pool and sat down

I can hold my breath for a long time

That is one of my qualities

I rose from the water and stood by the pool

My hair turned from black to grey

This normally happens

Hey son

Hey mom I said with a smile in my face

My mom walked by the pool and caressed my hair

You better get out of the water now

You have an interview to attend you know

Okay mom

Am gonna be with you in a jiffy

Divya POV....

I love it when you call me senorita

I wish I could pretend that I didn't need ya

But Every touch is hoo LA LA LA

It's hooo LA LA LA

You keep me coming for you

I mutters the lyrics of the song as I was painting the wall in my room...

Am a 19 year old girl who lives alone..

My mom and dad died so soon

Its not like we were poor tho

But my step mom and her son made life unbearable for me

I had to run from home....

I now live in the ghetto

Am not entirely a bad girl but am cool

I rap, sing, and I do badass paintings

Am just so talented

I wish to be a superstar someday

I don't even know how it's gonna happen but I hope

I dropped my paint brush as I rushed to the radio

What????

My crush is on radio

Oh my one and only idol Tyler smith

He's releasing a new abulm tomorrow

And he's coming for a photo shoot here in the ghetto

Oh my gosh

Maybe for the first time I can see him

I jumped happily around my tiny room

Episode 2

Authoress: choizey onas

Tyler

I walked from the pool and dressed up real good

Today is another stressful day

M releasing a new abulm and am going for a photoshoot

Not in the studio but in the outskirts of Korea

Right inside the ghetto.

I have never been there tho...

I need a bunch of securities to follow me there

These fans are sometimes so crazy yeah....

I styled my hair and walked downstairs with my novel

Or should I say history book????

Anyways that doesn't matter

My hobby is singing and reading....

I saw my mom already waiting for me in the sitting room

Hey momma

Am ready let's go now

I was about to turn when I saw lilo

Earth know how much I dislike her

I don't even know why my mom likes her

Its so annoying I swear

Lilo is a singer

Very popular

If you ask me I think she's the next big star in worldwide

She has a horrible voice like a frog

Well she sings well tho

But the thing about music is that....

You let the music go through you

Your listeners should should feel your emotions

But in lilo's case

She only care about how she looks right now

Always exposing her body for me to see argghhh

Very frustrating

Okay let's forget about that now

Hey Tyler she giggled as she was about to hug me

Please don't touch me I said sternly, I know Dats rude

But rule number one

gods are in control, they don't beg ,

they only talk politely when the chose to.

My mom gave me a deadly stare but I ignored...

She's trying to make me like lilo but I don't feel connected to her

Am just hanging out with her because of the media

They are always asking about my girlfriend

Hell yea,

Am single and not searching

We got into the car and zoomed off with our whole team.

We got to the location

Was this place is pretty good you know

Its a subway tho, there are a lot of drawings in the wall

But a painting caught my attention more than a sec

Its a painting of a girl crying...

It looks so real tho, that artist is really great

The whole place was surrounded with securities

The crazy fans were busy taking pictures and screaming my name

Jeez , why now

I think am gonna have a headache so soon

A transparent fence was made over the place I was sitting

To prevent my fans from running towards me

Immediately lilo stepped out of the car, the shouting increased

I was hearing stuff like

TL TL TL

Tyler , lilo

Gaddd, these fans really think am dating that rude lilo

I stood up and waved my fans, the just couldn't hold their happiness.

Its real

They love me

And I love them more.....

I signed autographs and many papers

But guess what

Lilo sat down staring at her fans in disgust...

But the crazy fans were still calking out her name...

Gosh I feel bad for them

But rule number two

gods don't try to make people happy.

Don't ask me why.

I went back to sit down

As I waited for the camera men to set up their instruments.

My mom was tossing up and down with her phone.

Looking for signal I guess.

Damm it my mom shouted looking frustrated

Mom Wats wrong g I asked with a frown

The artist who is going to paint these walls is held up in traffic

And we are running out of time now my mom lamented..

I took my chair to the boot close to the wall

And sat down reading my novel

Its actually a historical book

Divya

I managed to struggle through the crowd

Just to see my Tyler's face

I smiled as I looked at him with his heads down...

Jeez that's his mom

Like ,I have seen her in interviews a lot.

She's so young and beautiful with big dimples...

I smiled at her as our eyes met...

She gave back the smile

Waw I think I like her.

The securities raised another fence over the other one.

Its not a transparent one

Now the people from outside can't see what's going on inside

I felt a hand drag me through the crowd

Its a hefty huge man

I found myself inside the same place with Tyler's mom..

I wanted to scream but I had to control myself...

Hey little girl she said

Oh

Hi hi hhhh hii ma'm I mutters

Well well

You are holding a brush

So I was thinking if you could paint and design walls.

Yes yesssssss I replied almost immediately.

Okay get to work now...

The place I was gonna paint is a small area

I brought out the brush and paint given to me..

I painted with my two hands

While Tyler's mom and the security

men looked at me in amazement...

Yea yea

They are surprised right?

A girl that can paint so good.

Ma'm am through with it I said with a big smile

Wow

You so talented girl

Do you live alone?

Yea I replied.....

Hmmm I think you are gonna tell me about that soon she said

Would you like to work with me?

Oh my gaddddddddddd

Yes I will I said and jumped up happily.....

Finally there is a chance for my future.

Okay stay here I will be right back okay?

I nodded.

I was still standing when I saw lilo walking round the big bus

Omg

Lilo I screamed

I ran to her, omg I finally get to see you I blabbed

Looking like an idiot tho

I couldn't control my happiness

I wanted to hug her but she pushed me really hard.

I fell on my butt.

I now look so stupid

Hey commoner watch it will you?

You stink a a lot.

Get those bags into the car now she shouted.

I quickly stood up with tears forming in my eyes

I started packing the bags.

Tyler.

I watched the new girl as she painted....

Wow she's really good at it.....

My heart melted as lilo pushed her

Why is she so mean.....

The girl only wanted a hug.....

Am gonna pay lilo back...

She didn't know I was watching her all these while.

But wait

DAT girl has one quality of a bride of a water god.

1. She's good at painting.

Hmmmmm

Strange tho

But think of it

I think am connected to her

Episode 3

Divya POV.

Was this mansion is so big and

beautiful..

Av been living here for a day now,

working as a secretary

To Tyler's mom

Yea yea she's so nice

I follow her everywhere she goes

holding her files and the rest

Geez my pay is so much that I can

even rent a big apartment

I got my first pay yesterday so I

bought some crazy clothes

I hand to treat my hair and do my
nails to look pretty.

Tyler's mom once said I have a
beautiful heart

Hmmm she can't stop to amaze me

Buh one thing is making me loose my mind

Lilo is making my life a living hell

I hate her so much now than ever

like seriously

She's always insulting me and calling me names

Am no longer her fan, I hate her character

I hate working with her equally.

Ever since I started living with Tyler's

mom I have found peace

But I havent seen Tyler since I came here

Its like he doesn't live here does he?

Am too afraid to ask because everybody here

Is always minding their business

Jeez they barely talk

I think its the rule here, am just too afraid to ask

I opened the door to my room and

went to the dinning to take water

Am so thirsty and tired

I think I need to stroll around the house a little bit.

With my conclusion Tyler doesn't lives here

I don't think I will ever see him again right?

The whole house is empty.

The maids are on break

So I guess am in the house alone right now

Tyler's mom and Tyler are on a trip

Am home alone yeh

I walked towards the ending of the mansion

I saw a tiny door I pushed myself through it

Waw

I saw the most beautiful place ever

Its like heaven on earth yeh

Its a big open space with a little beautiful grass

Around the corners

It has a relaxing shade and just one chair

But why?????

Is it meant for one person alone???

I don't give a fuck tho

I was wearing a short jean and a singlet

I quickly pulled off my slipper and

was about to jump into the big pool

I found myself standing at the same spot

Its like a force pulled me backwards

I tried for the second time but the force was stronger

I could feel my legs shaking

A shiver ran down my spine

The water is so glittery and blue in colour

The Flowers there were bringing forth sweet scents

I managed to bend over and pick up my slipper

I ran as fast as I could to the tiny door where I came in

But my eyes caught a glass over the other end

Its a slidding glass door

Its a beautiful room, jeez its go funitured

I was tempted to go there but let me

save it for next time

I heard the door bells and I ran to my room

I dragged the blankets over my body and pretended I was sleeping

Tyler POV

I walked through the door

I wore my face cap and the Maud's followed me

They stopped midway as I climbed upstairs

I walked through five rooms before mine.

The second room is empty I know

I was about to walk through the

stairs when I felt a sensation

It's like something attracting me to that room

Hmmmm

That's strange tho

I quickly went into my room in the far end of the stairs.

I feel like I'm gonna die

My body is boiling hot so bad

I need water

I pulled off my clothes remains my pants

I opened the sliding glass door in my room

I walked towards the pool.....

I stood at a spot in the edge

I felt that same sensation,

I moved from the spot and I saw a footprint.

I bend over to look at it

It belongs to a girl

What the fuck!!!!!!

Who dare stepped into my private room?

Who dare have that courage???

Everybody in this house know nobody dares come in here

Except my mom

And I was on a trip with my mom also

Then who is it???

Why do I feel that sensation here???

I don't understand

Is that lady a demi god also???

I have never felt this before

I stared into the water

It looks so weak like never before

I think the water used all its power to restrain the person from

Entering into the pool

I touched the water

It lost all its power now

My eyes fumed in anger and pain

If I ever find that person am surely

gonna make her life a living hell.

I stormed into my room angrily

Tyler POV.

I stood up dizzily from my bed, its like am gonna die soon

My body is so itchy

My eyes are red already

And am sweating so pufeously

I managed to open the glass door, I walked towards the pool

Its like everything is turning upside down before me

My heart beat decreased bit by bit in every second

I jumped into the pool as I allowed the water to carry me underneath

I stayed under the water for about five minutes

I came out feeling much energy

Gawdd, I was dying slowly from hotness and dizziness

That's because I didn't swim on water yesterday

Am so gonna kill that lady if I ever find her

I washed up in the shower as I came downstairs

Hey mom

Good morning I greeted

Good morning my sunshine she replied smiling

Wait Tyler

What Happend to your hand ???

She asked looking furious

Uhhh mom I I I

Wat??????

You what?

Tyler you just left a scar on your beautiful hand

Do you realize you are superstar????

You even have an interview today and u dare hurt ur hand

Are u crazy or something???

My mom gets angry easily

Common mom I said am so sorry abt that.

I forgot to get into the water yesterday mom

I slept off so quick that's why I got a little burnt

Mom I promise it won't happen again.

As you wish my mom said with a frown.

Now I just lied to my mom just

because of a mysterious lady I don't even know about.

Its all good tho.

Okay eat ur food quickly the day is getting dark

You have an interview/ concert to attend by 8pm

You have to practice the song..

Then tomorrow you re gonna practice with ur band

Lilo will be practicing too for the big show

What?????

Mom please can u look for another female singer?

I don't like lilo and her voice

I just need someone else please mom I beg of u

Well well

Am so sorry huni but you just have to use lilo

She's so popular just like you son

Now you got less than two weeks to practice

And my mom walked out

Jeez!!!!!!!!!!

Now I have to cope with lilo, gosh I don't like her vibe

She's rude, so proud and so many more....

Look here I know am proud but not like her

I know am rude too but mine got a limit...

But her's is just too much to handle .

I picked up my phone and called my friends

Hey guys after the show today we will start practice

And lilo is the lead girl

Whattt???

They all shouted

I know they don't like her too but there's Notin I can do

I stood up from the dining table and went into my room

I need to get some rest before 7pm.

Divya

I carried the heavy bag in my two hands as I followed

Tyler's mom behind

Being a personal assistant isn't that easy tho.

But the best thing is that my boss is so nice

She's caring and understanding at all times....

Okay divya let's go check the stage if its ready now

Sure ma'm.....

We walked into the big auditorium.....

Godddddd, it so big and beautiful.

So this is how it looks like right??

It got thousands of chairs

People already started trooping inside waiting for Tyler

Was

So this is how it feels to be a superstar..

I mean all those glory

I know I will be up here in the stage someday

Its just a matter of time and Patience.

I didn't realise we spent so much time working already

Its now 7pm

Gosh

Divya its time to go home now

We need to get Tyler here as soon as possible

Wait???

Do Tyler live in the same house with us???

I asked with a surprised look

Yesssss he does

Now let's get going she said hurriedly.

We got into the car and sped off...

I got home

I freshned up

I wore a long gean trouser, a rugged gean actually

I wore a black crop top revealing my stomach

The gean was so tight that it actually reveals

My sexy curves and medium ass.

I wore a black face cap covering my face and a sneaker

Now I look good to go

I can't afford to miss this show tonight....

I looked at myself in the mirror...

Dammmn I look just like my dad

I opened the door and ran downstairs.

Everybody was outside already....

I didn't get a chance to see Tyler's face closely

It doesn't really matters right???

He got into his limousine and his mom and lilo followed

Ohh I forgot

Am gonna use the workers bus

I got into the bus with some other workers and security men

And we drove to the venue....

Jeez....

The outside was filled with paparazzi everywhere

Taking pictures and asking series of questions...

The security led Tyler through the crowd...

He's so generous and he always smile at his fans

He signed numerous autographs before we walked into the backstage

Lilo didn't bother to wave her fans

Such a proud little girl

The show already begun

Other artists were singing.....

Okay the makeup section came and applied makeup on Tyler's face

I watched from afar....

Am just a nobody right???

The seem so busy with Tyler now

I went over to lilo and helped her wear her shoes...

I bent down to buckle up her shoes

I was about to stand on my feet when my hands touched her

Oh am so sorry

I said pathetically, before I knew it a slap landed on my face

Everybody stopped with their various activities

And looked at me...

I looked around , for the first time I saw the great Tyler

Looking at me

Our eyes met and I quickly ran out of the backstage.

I stood at the camera section still crying

I mean why would lilo do that

It was a mistake

A smile skipped my lips as Tyler was invited into the stage

Oh my

Now am Happy, so happy...

The crowd is so shiny like diamond

Everybody looks so happy

You could hear their loud scream...

All because of Tyler....

Awww why would I give up.

I won't...

I love you so much guys

I have a song to present this night..

To all my lovely fans out there and to a special lady

Tyler said

Jeez their screams increased

It all died down when he started his song.

hey!

Beautiful beautiful beautiful angel

Love your imperfections every angle

Tomorrow comes and go before you know,

So I had to let you know

The way that Gucci looks on you amazing'

But nothing can compare to when you naked

Now a backwood and some Jenny got you faded.

You are saying you are the one for me I need to face it

It started when we were younger

I swear that I loved her

Sorry that ur mom found out

Guess that we just really had the thunder

Ain't nobody else I'd be under

Beautiful beautiful night right now

I wish the hours would go slowly

Your touch is heaven sent

Beautiful beautiful sight right now.

Thank you!!!!

The scream and applause came louder than before

People threw flowers and notes on the stage

I thought the big shoe was over

When lilo ran into stage and gave Tyler a surprise kiss

Was

The whole audience was stunned.

Go tyli go tyli they all shouted

Now their dating is official

Oh my Tyler

Will I get a chance to be a superstar????

Am so heart broken

I ran out of the stage to outside with a heavy heart

Tyler POV

I sat on the couch in the living room burning up

Jeez, the flash back of how lilo

kissed me on stage came running back.

Gosh I didn't expect it

Its not like I have feelings for her

But my fans wants us to be together even tho

I don't feel a single thing for her

Why is it so hard for mom to understand...

The only people that understands me are my friends

Just the three of them and no one else...

While growing up

I have always wanted to love a rap Queen..

My dream girl is a low class girl with brown/ grey hair

With medium puffy eyes...

I just want a lady that I feel attached to.

I mean someone that will love me with all her hearts..

I just want a poor simple lady that I can build to be a great woman

Nah

I don't want lilo

She doesn't fit a bit, I want a girl who stands up for me

A girl who stand up for herself

A humle girl with a beautiful soul Dats all.

I don't want anything else apart from that

Buh my dreams seem to be fading away slowly

Third rule about a demi god

They don't fall in love easily, you have to win their heart

But can I really find a lady that will be able to win my heart?

Goshhhhhhh

Everybody now thinks am dating lilo but am not

Am just doing this for the hall of fame.

I hate lilo

I gat no feelings for her and I don't think I will

Dats final...

Even before I got home, I tried to look for the girl on jean

I didn't get to see her face clearly

I only saw her body and her lips although I was staring at her

She's too good to be true

But she looks like the girl that painted the wall the other day

Or am I just imagining?

Well, maybe I am

I hate the fact that lilo slapped her, she's just too cruel

Am so sorry guys I couldn't help her back there

But that's one of my rule

Demi gods don't meddle in ladies affairs

They are full of dramas

I don't think I can break my rules for any lady.

I said maybe tho.

I just hope I get a chance to see her again

She looks friendly and charming anyways..

M so tired right now I just need some rest

Divya

If I was a star lilo wouldn't have dared hit me

Its just a matter of time from now...

I think she's motivating me to pursue my dreams

But its all good

I wasn't even born into the music world

But I know am gonna get there.

I stretched my face from the window of my room

I let the beautiful air run through my face , its so refreshing

A song ran through my mind

Its been long I expressed my feelings through music

Should I sing?

every step, every chat, and every time am falling in

someone great, someone good ,and every chance and taking it

if only I could read the signs in front of me

I can find a way to

who am meant to beeeeeee

oh oh Oh

If only.....

Oh oh

am I crazy? Maybe it could happen

If only.....

If only

I jumped into my bed and slept off like a baby.

Next morning

Grrrrrrrrrrrrnnnnnmn

The alarm bell woke me up

Shit, I got a lot of work today

I will be going with Tyler's mom to the company

Awwwww

Maybe I can get a chance to see the D's band...

And Tyler too

Well but ever since last night my feelings for him are fading away

But I can't deny he's still my idol

I quickly took my hat and stared at my wardrobe

Uhmhhh

What am I wearing today

I just wanna look simple and poor

Who knows, I might find my helper

Tyler's mom always tells me there's a great beauty in simplicity

So I choose to look simple.

I wore a three-quarter black short, black boots

Black cap and a black silk sweater shirt.

I look crazy tho, but I like it..

I ran downstairs as I met Tyler's mom

Good morning ma

Good morning princess she replied

Okay Divya we are a little bit behind schedule

So we gonna take breakfast in the company

We got into the car and drove off.

There was a little silence between us

Just then she broke the silence.....

Divya

Have you seen Tyler face to face since you came into this house?

No ma
I haven't

Okay that's a great news then I guess you will see him today

What???

Seriously??

My joy knew no bounds

Am finally gonna see him and his band

Can my DAT get much better

Fastforward

I watched from the glass door as Tyler played the piano

Dammmmm

He looks so handsome

Such a hot sexy superstar

The three guys sitting beside him were his band.

Jaden, kyle, and romeo

Gosh they look super hot.

But I can't talk to them right?

Am just a commoner
Its okay.

I was still lost in thought when Tyler's mom walked in

Hey divya go give the team coffee

Arrrghhhh

My joy knew no bounds

Am gonna see them closely for the first time

I quickly took the four coffee from her and walked inside.

They all were busy with their phones now.

I walked up to the circle table where they are sitting

My hands were shaking so bad

Mixed with joy and happiness

I walked up to the table and dropped them one after the other

I was about to drop the last one and it almost fell

I felt a hand hold it from falling

I raised up my face to see Tyler.

Hey be careful with tho he said with a smile.

I stood there like an image

Omg

Did he just talk to me??

Hey Wats your name romeo asked

Ohhhh

My name issssssssss divyaaaaa I said stressing the a.

Wow you got a nice name

Do you work here? Tyler asked

Yesssss am the p.a to your mom

Wait

You are the girl who painted the other day?

Yes I am

Now I look so shy, my cheek turned red sundelly

Okay nice to meet you they all said with a smile.

Come here tomorrow I got something for you romeo added

Sure I will

I ran out with joy over my face

Lilo POV

I watched from a distance as that commercial talk with the guys

She's really on my nerves

How about I teach her a lesson.

Tyler POV

I sat on my bed writing the lyrics of

the song am hearing

Swears that lady got an amazing voice, so good

Her voice is just so amazing that I couldn't resist

There's no need for me to stand up and check her out.

I was using my phone on my bed when I heard a voice singing

At first I thought I was hallucinating

but it is now clear

Her voice wasn't that sweet before but as she sang

Her tiny voice became so loud and sweet

I quickly picked up my pen and my diary

I slowly listened to her voice and

carefully wrote down the lyrics

when I first saw you didn't

know what to think

But something about you is so

interesting..

I can see me and you being

best friends

The kind of friends that finish

each other sentences.

So I say ohh oh oh oh ooo

Oooo oooo

Live it in a perfect harmony

Just then she ended the song

Gosh that's the sweetest voice av ever heard

And I can feel her emotions through the song

Hmmmm

I feel somehow like I have heard that voice before...

Wait I was sleeping yesterday

That same voice sang at this time yesterday

Yea

I remember clearly, hmmm

Is she one of the maids????

No that can't be

None of the maids lives upstairs

apart from me mom and eldest nanny.

Old nanny can't sing with such a

beautiful voice..

Well I really don't care who she is

Should I find her?

Nope.

Its 10 am already

M late for practice

I wore my black jean trouser and my white shirt

I walked slowly through the stairs,

hmmmm

I felt that same sensation as I

passed through the last door

Wait????

Buh am sure nobody occupies that room

Well maybe am just too sensitive these days..

I got into my car and drove to the company

The first person I saw was my mom, jeez

She's really working her ass out lately, so sweet of her.

Hey momma

Hey son she replied, you are three minutes late

Am sorry mom, am here now..

Okay get to practice she said...

I walked into the practice rice room

the guys were there

Hey dudes

Hey lover boy they giggled

I sat down looking stunned,

Wait guys, Wats with the new name???????

Why are you calling me lover boy

Ohh you forgot already, lilo came

here searching for u

They all bursted out in loud laughter.

Tears almost escaped from my eyes

Common guys lilo is just my fake girlfriend

You all know I don't like her, I got

no single feelings for her

And besides I don't think I can love

Maya broke my heart pieces and I couldn't fix it

Awwwww

Sorry bro romeo said

There was a little silence between us.

Tyler you know I liked lilo since we were kids

But my feelings kept fading away until now.

She changed so much and I don't

think I can help it

She's became rude and she acts strange around me

She glare at me like her worst enemy

since highschool

It all started the day we graduated

She refused to give me her reasons till now

I just hope she gets back to her senses someday.

Jaden blurted out

Jaden I know you feel so much right now

I know you love her so much that's

why I also don't like her.

I know she belongs to someone else.

But be rest assured she's still yours bro.

I won't do anything to hurt you I swear

The truth is I still don't understand

how lilo changed

She was once caring and sweet, generous

And now her evil is getting into her talent

What's going on

Jaden cried

Hmmmm how about I ask her????

She might give me a reason to her

recent change

Common Tyler you know lilo
She's gonna freak out

Bro I don't care okay????

She belongs to you and that's final I replied.

Okay guys let's cancel the practice for today

Am really weak right now

Guys how am I gonna find the

perfect Lady??? I asked

Being a demi god isn't so easy Kyle giggled.

Shit

You all know am not so good at love

I prefer being single and please am

not searching anymore.

Ohh guys I got something to tell you.

Av been hearing a voice a little bit far from my room

Shea singing at times

She got a beautiful voice like I have never seen

And for the past few weeks I have been

Feeling a weird sensation around me

Its like I feel it whenever the person or object is close

Wat do u think?????

Well maybe you guys are connected romeo said

Jeez that's impossible I said

Its not so impossible dude, it might be true

We were still arguing when the door creeked open

The sight of the lady I saw got me thinking.

She got grey hair, pointed nose like my idea lady

Hi guys

Hi we chorused

It was divya from yesterday

I Know she's shy from the look on her face

Buh I don't blame her tho, we are super awesome

Than you can imagine

And its such an honour, a great privilege

For her to talk with us in the same room

Please have your seat I gestured.....

Okay divya you are now our friend soooooo,

I bet you know everything about us right?

She nodded

Okay tell us about yourself today romeo said

Well, she started talking while biting her hands

My name is divya, am 19 years old

Am the only child of my mom before she passed away

Ohh am so sorry about that they all chorused

Its okay I replied slowly

What about your dad kyle asked looking so sorry

Well my dad passed away too

Jeez am so sorry for asking kyle said.

Okay Wats your hobby Tyler asked looking bored

My hobby is painting and reading books

I love historical books more

Wow that sounds interesting Tyler said with a smile

Okay what book interest you the more Tyler asked

Well I love stories about demi gods

It thrills me so much you know and I think they exist

Tyler bursted our laughing

Seriously????

Why is my crush laughing at me.

See divya I don't think they exist

Those Are just fairly tales for kids.

Okay???

Please don't believe that.

We chatted for a long time tho

Divya

Gawddddd

I can't believe am really talking with Tyler and the band

They are so nice and funny just so you know

I couldn't stop stealing glances at Tyler

Our eyes met three times but I pretended I didn't see him

He got those killer lips

Crazy hair style and smooth skin.

His dimples comes out when he smiles.

Talking with them makes me feel

like I have know them for long.

Ohhhh

I have to help Tyler's mom with some things.

I stood up and bowed

Its so nice talking with you guys, it was fun

I have to go now....

Okay stay safe they all chorused

I ran out with smiles written all over my face..

I was about to go into the elevator

when a hand dragged me back.

A shiver ran down my spine.

It was lilo

I couldn't utter a word before she

gave me a slap across my face.

Her long finger nails left a tiny scar on My face

Hey bitch

U better stay away from the guys , Tyler is mine

You are just a commoner with no standards

You took jaden away from me in highschool

He broke my heart into pieces

Please don't get in my way this time

I won't allow you have Tyler

Am gonna get rid of you soon I bet you.

I hate you so much bitch

Don't act like you have changed you idiot

You caused me so much pain

Watch ur back

Am coming for you.

Lilo walked out in anger.

I stood at that same spot looking so confused

I was crying like a baby

What is lilo talking about????

We didn't even attend the same high school

Divya POV

I sat by the little space left in my window...

Yea, I know am not so strong huh

why will lilo hate me so much

Even if she loves Tyler Dats fine..

All I want is to be friends with the guys

And find a way to achieve my dreams in life

Why will she even say I hurt her so

much back in highschool

Swears, I have been her fan since highschool

We didn't even attend the school together

I attended a poor school . only my

step sisters attend the rich and classy grand high school.

She was so serious to the point that I was scared

I used my finger to touch the little

scratch on my white pale face.

Av got no strength to fight with lilo

She's a star, am just a commoner and a nobody.

But I still can't stop liking lilo, she's my idol

I know I sound so stupid right noe buh I can't help it

You know her voice inspired me into music

But I don't think I will go far cos she hates me...

I picked my diary as I looked through lilo's pictures.

Her deep sky blue eyes, fair skin just like mine.

Her light brown hair...

But she dyed her hair to gold...

I don't know why she dyed her hair but I swear

We look alike so much, just that

she's rich n classy.

And am a little bit rich before but not anymore.

The guys are really nice, I never thought of it

But lilo keeps getting in my mind.

Even tho she hates me

I like her so much that you can't imagine.

Back in highschool, I make sure I

download every bit of her music and pictures.

I love staring at them, don't ask me why.

I stared at the view of the city from afar, its nice

Its a little bit cozy and shiny this night.

Maybe its a miracle night isn't it????

I brought out my note pad and started looking at it

Uhhh which music am I gonna sing today..

Okay let me sing this one..

spent 24 hours, I need more hours with you

Spent the weekend getting even with you

took a day up tryna get way up oooooooh

Spent the day light tryna make things right

Between us.....

But its all good babe, roll that backwood babe

And play me close

Cos girls like you love fun and yeh me too

What I want when I come through

I need girl like you yeh yeh

Girls like you love fun

And yea me too what I want

When I come through I need girl like you yeh yeh

Yeh yeh yeh

Yeh yeh

Ohh forget it am tired for now, I think

I need some rest

I jumped into my bed and slept off

like a baby dragon.

Tyler POV...

I stood up and started tracing The voice.

But it suddenly stopped..

I must confess I feel disappointed

Just when I thought I was going to find her

I walked back into my room with a swollen face

Maybe am not destined to meet that singer girl

Or She's a ghost or something....

The weather was a bit cozy buh its all good

The guys will be coming over to my house tomorrow

I swear we are gonna have a lot of fun together.

But jaden

He's so hurt right now like you can't imagine.

He wants lilo badly.

They both loved each other back in highschool.

But everything changed the night we graduated

Or should I say.....

DAT was the last day I ever touched a woman

And that lady was Maya my ex girlfriend.

It wasn't really my intention to have

sex with her that night.

But it was out of list from Maya

She wanted it, I didn't force her into it.

The guys all had sex that night with

one slut or the other.

I can clearly remember, that night the

whole guys were drunk except me.

I was a bit cautious to watch over them.....

If you equally ask me I think jaden

broke his vow to lilo.

And lilo broke her vow to jaden too

Well, am not so sure but let me just say it..

We all kept it a secret from lilo tho

Because jaden didn't do it intentionally

He was so drunk that night....

That slut seduced him.....

Its even my fault

I failed to watch him carefully...

The four of us messed up that night.

I still don't know what's behind lilo's change...

But I can feel she's heart broken...

I could have used divya to ask lilo about it

But lilo hates divya for no reason.

Everything is just a mess. A total mess.

I don't think I can even fix this right now.

I know the lady jaden had sex with...

She looks like divya but she's much taller than divya

Its just an inch tho....

When I first met divya I thought it was her

But am a demi god, I can see people

through at times.

All I have to do is find out what is going on with lilo

Am sure I can do this.

Lilo POV...

Why do divya have to show up now

She took jaden away from me the

night we graduated.

I stood by the door and watched the

both of them had sex.

My heart broke into pieces

Jaden only used me right????

A lot of things Happend to me that same night

Am lost in deep thoughts

Am never gonna forgive jaden and divya.

The both of em sucks so much.

That night I ran through the hall way

With tears running from my eyes

I thought I was gonna meet my mom and dad

Ohhhhhhh mom

I don't wanna talk about it

Not today

Am in so much pains.

Am gonna make divya's life a living hell

And jaden you better not step in my toes

Cos am gonna give you the bad treatment u deserve

Unknown POV

Am dying silently.

Am living in guilt.

Am living in pains....

How am I gonna tell lilo that she has a twin.

How in the world will she believe

This is not the perfect time to tell lilo

She's broken

She's not composed

Am the reason her life is a mess

I hope I find a way to tell her someday.....

Watching her and her twin everyday

Makes my heart stops

I feel so sorry for making their life a mess...

Am tired of working for my wicked boss.

Can I make things good?

How am I gonna tell divya that she also has a twin?

Can I make things right?

Episode 8

Authoress: choizey onas.

Unknown POV

My name is Mrs Linda, I work for divya's step mother.

This Is how it all began.

I was the secretary of divya's late father.

He trusted me so much back then..

His second wife was heavily pregnant.

His first wife had one daughter.

She was rude and wicked just like her mother....

On a faithful day the first wife called me to her room..

While the second wife was already in labour...

I was the person to accompany her in the hospital.

Look here Linda, you will do a job for me today.

I saw the scan paper of my fellow wife today.

She is going to be having twins, of which I don't want

Immediately she gives birth, you will

carry the two babies.

You will have to kill one or throw her away..

Then you are gonna leave the other one with her..

I know the shock might kill her, if she dies

Am gonna pay you 5million dollars

And you will get a chance to be rich just like me..

The first wife said.

At first I wanted to refuse the offer

but the price was huge

And my family is really poor, I gat no choice that day

I accepted the offer and quickly ran to the hospital...

I stood by her during her delivery, she

trusted me

Her husband Mr Donald trusted me but I betrayed them.

After her birth , I stared at the two children..

They look adorable, I picked the one that was crying

I handed the other one over to a nurse....

We were both in the business, I ran off with the other one....

I ran to a nearby bush

I was holding a deadly injection

No no no, I was too emotional, I couldn't kill the baby.

I wrapped her in a cloth and went into a beautiful estate.

I knew of a wealthy man who is rich.

I was once his maid, bit they were childless...

I took the baby to them that night, we signed a deal

It was a big secret between us, but

they didn't get to know who owns the child.

They named the child lilo...

Yea she was so beautiful just like her mom.

They paid me extra 4 million dollars.

I ran off

I went back to the hospital,

the second wife was weak

She was under treatment I carried another baby

That died in the second room.....

I carried the baby and the remaining twin.....

I took the babies to the second wife in her bed....

She couldn't stop smiling at the babies

Just then a doctor came in to

examine the children

I guess he noticed that one of them wasn't breathing.

He ran a CPU

He tried all he could to revive the baby.....

But he gave up, the doctor broke

the news to her

She couldn't contain her tears

She cried so much....

Her heart beat increased so fast

The last words she uttered was

"Her name is divya"

Then she died

The shock was too much for her

I never knew she was a BP patient

The first wife tricked me

I could no longer contain my tears.....

Then I regretted everything I did....

I called Mr Donald

He quickly rushed into the hospital

I told him her wife's last words

Right there she named the baby divya

The next day divya's mom was buried

Three months barely passed and

divya's father Mr Donald died

I knew something was behind his death...

Divya's step mother seized all the will

Mr Donald gave everything he owned to divya...

But the first wife stole all the papers.

That was when I found out that the

first wife had another lover.

Her child was not the same blood with Mr Donald

It means Mr Donald isn't the real father of her child.

This woman is just so evil....

Fifteen years passed by so quick.....

I came back from america when I heard that divya

Ran out of the house

The maids told me how she was maltreated.....

Nobody knows am back in this country korea.

Am back to give divya what belongs to her....

I spent four years in searching for lilo.....

She's now a star, her fake parents

are using her to make money.

Lilo doesn't knows her true identity yet..

Now I found divya

She working in the biggest company in Korea....

I know she's living well

I have been watching lilo and divya secretly.....

It pains me that lilo hates divya.....

But I still haven't found a way to

unveal this secret....

If I unveal it now and divya's step

mother finds out

Then their lives will be at risk

I don't want them to die after 19 years.....

They are now grown up....

I just have to think of a better plan

Am surely gonna do this somehow.

I just need a little more time.

Tyler POV.

The looks divya gives me are so amazing

I just like her personality so much I mean

I don't think its love tho

I just like her right????

I know she likes me, yea shes crushing on me.

But I don't really think I can love again

I don't wanna break divya's heart for any reason

I can't explain but am totally messed up right now...

Okay guys fine....

Lilo's pov

He is not my dad

Jaden broke my heart too much

I know divya is a nice person but I can't forgive her.

I have been through a lot of things

Should I tell you?

Buh she hates me so much

She claims I stole jaden from her in highschool

But I swear I don't even know lilo back then

I was attending a low class school

Don't you believe me????

Its okay tho

Is that why Tyler is avoiding me for the past few days?

If that's the reason then I guess he's wrong

Lilo is accusing me wrongly and its not fair

Why is she doing this to me?

I just like lilo for no reason

Can my life get any better??

M so tired and stressed up right now

Its no longer funny to me

I stood up from my bed as I walked downstairs.

I need to take water or juice .

Cos I need it for my health

Am feeling feverish and dizzy for a as while now .

It's like I am sick but I can manage.

Tyler's mom is out of the country for now

She's the only person I can tell my problems to.

I poured the water into a glass cup and rested by the wall

The memories of my dad flashed back to me

Tears flowed freely from my eyes

I didn't even get to see my mom before she died

The only thing I have left with her is her picture.

My body became hot instantly like am dying

Jeez

I don't wanna get sick not now.

Its just a wrong timing for me to get sick....

I held the glass of water over my face..

I added my drugs, am a bp patient too

I drank the water halfway when I broke down and fell

Everything changed and went blank

I passed out.

Blood came gushing out of divyas mouth.....

A sharp pain pierced through me.

I can't let her die....

I closed my eyes as my hair turned to purple.

Am in a form of a god now

I carried her in a bridal style and placed my lips on hers

I kissed her softly

I gave her a little breath which made the bleeding to stop

Common jaden help me carry her to the car...

We all got into the car and rushed to the hospital

I know things are bad from the look of things

The doctor shocked her body with the vibrator.

Her pulse came back to normal

The doctor came out of the ward and ran to us

He is my mothers friend

Tyler POV

Jaden I don't think lilo is going to help at all , what is divya dies

Then am gonna disappear too,

Pls lilo just help me just this once

We drove into the big mansion, the door was open,
there was no security

Hmmm, Dats strange tho

I ran into the house hoping to see the
maids around but the house was empty

If a pin falls down you could hear the sound loudly

My instincts were pulling me
upstairs, no I think something is wrong

Jaden was waiting for me in the car

All I could hear was a faint moan or scream??? It doesn't matter

I ran upstairs with sweat all over my face like I was gonna die

I checked from the first room till the lilos room,

I slid the door open gently hoping to
see her but I saw her standing by the window

She was lost in deep thought

If she about to jump?? I knew if I
called her name she was going to jump

I tip toed behind her and grabbed her waist

I threw her on the bed gently

Hey lilo what the hell is wrong with you? You trying to commit suicide???

Lilo you are one big superstar, do you wanna throw everything away??

Common lilo tell me what is going on

with you pls??? Why are you doing this

Seriously Tyler???

You know nothing about me? There's nothing left to live for in this world

I have been broken and hurt nobody sees my tears

All they see is my happiness and behind that happiness is suffering

Tell me Tyler, what should I live for??

There's nothing left in here to live for

Lilo stood up in tears and was about to walk away from me

Lilo, you gotta help divya

She stood right in the same spot like she was shocked to hear me say that

Am not going to help her she shouted

She ran downstairs while I followed her

She opened the door and was about to get into her car.

Common lilo can't you help me????

I really need you to save that girl-

Lilo please am begging you don't let her die okay???

Please just help me this once..

Everything I said fell into deaf ears but jaden hugged her from behind

Hey lilo

Should I believe jaden?

Fuck! I still have feelings for jaden, I still love that dumbass

Buh he broke me into pieces, I don't wanna trust anybody for no reason

I just wanna be in my own zone

No love, nobody to care about

Why am I even doing this with my whole heart, fine I hate divya

But am only going to help her because of jaden and Tyler

The ride was a long long, its like taking forever, my body is cold

Its like the other half of me is dying, I suddenly feel weak inside of me.

Finally we got to the hospital

We ran as fast as we could to the Ward where divya was admitted

We met romeo and kyle crying

Tears suddenly formed in my eyes,

the hatred I had towards her disappeared.

Tyler couldn't control his tears either, the five of us were crying so hard

The doctors ran to me and carried me into the ward.

The wall was transparent, Tyler,

jaden, romeo and kyler were watching in tears

A pipe was fixed into my skin, the other part was fixed to divyas handâ

The engine started running, blood ran through my body into divyas body

Her skin looks so pale, her beautiful hair is reaked

Her body was changing, even tho she was receiving the blood

She wasn't improving, her breath decreased to 10%

I bursted out in tears, divya please don't go, I don't hate you

I love you now okay???

I don't hate you

Just wake up please am gonna love you like my little sister

Am gonna treat you like my own blood sister please divya don't go

Divya!!?!!

I love u please

Tyler shouted so loud that everybody in the room stood shocked

All gaze were on divya

My tears increased, its like am loosing my mind

Just then her breath stopped

The blood stopped rushing into her body

Her veins disappeared

The doctors disconnected the pipes, I stood up and knelt before divya

Please divya

Don't do this to us, don't go. divya, am gonna make things right.

Just come back to me

It was then I realised she already gave up her ghost

I rolled on the floor like a baby, I hit my head on the floor

I just wanna die now

I couldn't save divya

Jaden wrapped his hands around my chest making my head to rest on his chest

Its fine baby

Everything is gonna be okay sweedy

Noooooooooooooooo!!!???

Everything is not gonna be fine jaden

I have known diva for a short time but I don't want her to die

Not like this

I only hated her cos she stole jaden away from me

But right now I don't want her to die.

The tears stopped from my eyes, its like the tears were no longer coming

Tyler also stopped crying

The doctors left the room for us to shed tears peacefully.

Tyler POV

How can I watch the girl I love get buried

Nah its not possible.

I walked towards where divya was lying, I removed the oxygen from her mouth

Am the son of Zeus, I think I have a

chance to bring the girl I love back to life

I don't care about what the consequence may be

I can't let my baby die

I moved my head closer to her I closed my eyes and gathered my breath

If I kiss her now and give her another breath am gonna die.

It doesn't matter she must live , she isn't dying not now..

I kissed her

I allowed my nose touch her nose, I kised her lips so hard and focused on it

I gave her a long breath

My hair turned purple

I disengaged from the kiss and

asked romeo to close the curtains and lock the door

I just revealed my true form to lilo

She is so soft and tender just like a baby

I felt her breath on my face

She's back to life

She wrapped her hands around my neck and pulled me close for the real kiss.

Tears dropped.from divyas eyes, her skin just like Pearl's

I disengaged from the kiss as I stared st her little face

I love you divya I whispered

I love you too baby she replied smiling

Yes, I just save her life

Lilo ran to us and hugged us both,

jaden and the Guys came and joined the big hug

Divya POV

Seriously????

Did Tyler kiss me?

Nah maybe am hallucinating right?

Jeez, how would the great Tyler smith kiss a commoner, I need to wake up

Am taking this too far right now, am so stupid to think of that now

But wait, when I opened my eyes I saw him kissing me, orrrr, seriously I saw him

He even told me that he loves me and I replied I love you too

Could all these be a dream?

Nah its not a dream, am very sure about that

Okay and I guess lilo and tyler saved my life, am grateful to them

I stood up from the tiny hospital bed

The room is empty, I guess the guys and lilo went back home to rest

I wanted to stand up when I noticed that a drip was still in my hands

Gosh, I thought I was going to be discharged today, I don't like this place.

I gently pulled the needle off my vein and ran towards the exit

Hey security get her , she's running away a nurse shouted

Gosh, they saw me

I rushed to find my way through the first exit, the second exit was right

I turned right and ran like a mad girl

The security caught up with me, the huge muscular man grabbed my wrist

The other one grabbed was second wrist, let go of me idiots

I cursed under my breath, let go of my assholes

I kicked the first man in his dick and bit the second one in the hand

I started my race again, I ran through the entrance ,

I opened the door and hit my head on something really hard.

Gosh, its like a rock

My head ached so much, I raised my face to se what it was

Gadddddddd, my hands were on his broad chest, its like rock in movie

Jeez, he's tall and handsomeâ€!

Buh his chest caused me so much pains, how can a normal human

Have such a hard, big, broad chest

My eyes opened slowly, jeez this guy is so tall and huge, haven't seen such before

My first thing my eyes caught was his full sexy lips, gadd, my dream man

Then my eyes went to his face

Whattt????

Tyler, hey Tyler you should watch where you are going to next time

You made me hit my head on this hard chest of yours I criedâ€¹.

But you were running away, god knows where you are heading to Tyler said mockingly

Jeez, he looks more handsome, I recovered from my shock immediately

When I noticed every body in the hospital both upstairs and downstairs

Were staring at us

Everybody was with their phone taking pictured of us and taking videos

I quickly removed my hands from Tyler's chest, I took a step backward

Hey Tyler let's get out of this place everyone is watching

I dont care about them okay? Tyler said smiling

Gosh,,,, what's going on right now, is he insane???

This can't be happening to me now, am I sick you know

Tyler pulled me close to himself for a big hug, swears his chest is worth dying for

The whole crowd was murmuring

Godddd, I know am a goner, lilo is definitely gonna kill me after this

We disengaged from the hug and Tyler carried me in his back

We walked towards the exit, Tyler left the whole crowd looking stunned

I really also don't understand what's going on with him

Is he drunk? Or am I hallucinating????

Well, I think I should just remain in the dream state forever.,â€¹.

We walked towards the car park

He dropped me and I sat in the back sit with himâ€

Am still a little bit sick I know and my head is spinning badly

I rested my head on the sit behind me, I didn't notice when I slept off

Tyler pov

This girl is such a baby, she sleeps like one, this is the first time

Am watching a lady sleep, it's kinda awkward, buh I can't help it now

She stole my heart already, the least I can do is to accept that fact

I used my hands to lift her head from the chair, I gently placed it on my shoulders

Divya pls don't you ever get sick again okay???

Giving you my breath shortens my life span

You don't want me to die right?

Pls don't get sick anymore if you care about me I whispered.

Atlas lilo is cool with divya, jeez I still can't believe lilo was crying two days ago

Just because divya was dying, jeez she got soft eyes and a soft heart

I never expected that from her

But something is strange here, I have been getting these strange signs

I feel like divya and lilo are related one way or the other.

First, it was the blood, secondly their nose, thirdly their eye

Fourthly, the way they talk

Its like the got the same characteristics, buh its crazy right

Am not sure of what am thinking tho, am just saying.

When she gets stronger, you need to do a proper blood test

With the same activity of their blood, the might be related somehow

Godd what am I even thinking right now, I just want lilo and divya to get well soon

Lilo lost a lot of blood to divya and divya is not fully recovered.

Av got a lot of things going through my mind right now, I Need to get lilo and jaden back together

Phewwww

How on earth am I going to do this shit, I just hope I can survive this

Cos I can't watch lilo and jaden break up forever.

The horn of the car brought me back to reality, we are home the driver said

I carried divya on my shoulders like a baby, I walked into the house

The guys were in the sitting room waiting anxiously..

They all stood up as they ran towards me and hugged divya.

Awwww, they missed her so much, divya slowly opened her eyes

I laid her on the couch as romeo brought water for her to drink.

She drank the water with her eyes closed, she is such a sleepy head

Just allow her sleep a little Tyler kyle said smiling...

We all bursted out in laughter, I covered her legs with my jacket in the sitting room

The guys watched her as she slept..

Yea, Dats my baby divya

I climbed upstairs heading to my room, I need to swim now

My body is aching badly

I saw the first door opened halfway. Uhmhhh who is there???

That is jaden's room but jaden is downstairs then I guess it's Lilo.

I opened the door widely

Lilo wasn't sleeping she was sitting down on her bed crying....

I squatted beside her as I used the tip of my finger to clean her tears..

Hey Lilo stop crying, you need to rest now or you won't get sick...

I touched her head, jeez she's burning up really bad, I know it's fever....

Hey Lilo why are you crying I asked with a soft voice

I don't know, I don't feel too well, I think I'm sick right now Lilo said slowly

Ahhhh, Lilo and Divya are such babies

Now Lilo is crying because she's sick, I mean she's such a baby just like Divya

I really think they are related

Please believe me....

Okay Lilo I need to do something else now, I'm gonna call Romeo to take care of you I lied

I went into my room and called Jaden

Hey dude, Lilo is crying, I think she needs you now, please hurry up

I ended the call and jumped into the pool...

Gosh, now I feel like a god

Jaden pov

I met Lilo crying

I can't really stand her tears, it's just that she hates me so much now....

I sat near her on the bed and hugged her

Please let go of me she managed to say, even when she's sick she doesn't wanna talk to me

My eye gaze was just on her body, why is she looking pretty now

I could see is her little lips

I know am about to offend her now but I don't care. I missed her so much

I placed my hands on her waist as I forced my lips on hers...

You know the guy is much stronger

She tried to push me away buh I was much stronger

Am not giving her a chance anymore

Her smooth soft lips and sexy body is just perfect for me to resist....

I broke the kiss as I stared into her eyes.....

Hey lilo I said am sorry, can't you forgive me now???

Just then I heard the loud bell

That bell is only rung when we are in trouble or when something terrible is going on or about to happen

Jeez what's going on

Is anything wrong?

My heart skipped a bit....

I helped lilo up as we both ran downstairs

We got downstairs as I saw the guys panicking, divya was awake but crying

Hey guys Wats going on I asked looking confused

"Tyler is no where to be found" Romeo shouted

Divya POV

What??

Why is Tyler missing, did he run away,

jeez what am I thinking???

No he couldn't have been on outing

He didn't even tell anyone where he is going,

the sound of the guys woke me up

What on earth is going on lilo shouted

Well, I don't know Wats going on I managed to reply

Okay let's all go to Tyler's room if we

can find trace of him romeo suggested

We all walked into Tyler's room on fear

The first thing that came to my mind was the pool I saw a lon time ago

Guys let's head to the pool kyle answers

Wait?? What pool are you talking About?? Lilo said looking confused

We walked through the small tiny passage onto the big wide area

Lilo opened her mouth wide looking amazed

I have to admit this place is looking very stunning, I just couldn't control it

Uhh???

Tyler isn't here too I managed to murmur

Then where the hell is he jaden shouted with a loud voice

That was when I noticed the whole place started vibrating,

the beautiful flowers closed their leaves

A shiver ran down my spine

I was pretty much scared, lilo ran behind me and held me tight

Each and everyone of us were scared like never before...

The loud sound of the tiny passage closed itself

The guys moved back in fear, it's like we are in a mystery land

I swear I haven't seen anything like this before, I wanted to scream

But it dawn on me that all this is happening because jaden shouted

My hands became sweaty, water rushed from my face...

Lilo was more scared than me

What the fuck is going on here I said in a whisper.....

Immediately I uttered that word the water in the pool started rumbling

I swear I haven't seen anything like this before, I wanted to run

But its like my feet were glued to the floor, is this à real dream????

Or am I hallucinating please I want to wake up from this dream..

Am so scared, the guys were speechless just like me

You all keep quiet no matter what you see

Keep your mouth shut no matter what you hear, don't scream

Romeo managed to whisper

Why????

I replied

Tyler is angry right now kyle replied trembling

What????

Where is Tyler???

I don't understand what they are talking about?

What the fuck is going on

A second barely passed and the water started bringing bubbles

Its like a big hole was in the middle of the big pool, the poop is very deep

Its deep to the length of a river, I haven't seen such

The atmosphere darkened a little bit, which made me scared the more

I can't control this shit right now

Its like a smoke was coming out of the pool,

it's like the water was boiling

The wave in the water made the water splash on the flowers nearby

The flowers wilderd away instantly, I was stunned and confused

The guys and lilo closed their eyes,

lilo pinched my skin to make me close my eyes too

But I really need to see what's going on

I closed my eyes halfway, I opened it a little bit just to have a clear view.

You all listen carefully, this was what I saw:.....!

A male figure arose from the water, his chest was huge like an immortal

He looks like hawk in the movie, he got purple hair

I was stunned by his looks, he's hot and breath taking for.....

I haven't seen such a man before, I guess I was stunned beyond control

He rose from the water revealing his full muscular body.

He was wearing a tight short boxer....

Swear, what I saw you won't believe

He was soo tall from a distance, he turned his face to me...

What????

Dats Tyler

I opened my eyes in shock, our eyes met

Oh no!!!

Am a dead meat, the look in his eyes

gave me cold chillsandgoosebumps

His eyes sparkled in gold.....

His little eyeballs were fuming in anger, you could read his mind

He walked slowly from the water, the water couldn't cover up to his waist

That was when I realised he was lying down inside the deep water.

The more the walks closer, his size decreased.....

His hair sparkled bright in the air, this is just like the stories I read

This is the real definition of a water god, is Tyler a water god????

I turned back to see the guys and lilo with their eyes opened

They all grabbed and held me so tight, they all want me dead.

He walked out of the pool, he wore his joggers trouser

and left his broad chest opened

His eyes turned blue , what the fuck is this guy????

He took a step towards me and his eyes turned red

Red stands for anger, he walked towards me with his wrist closed

Like he was going to punch my spirit out of me immediately

This shit ain't funny anymore, its like my voice was seized

I could move nor utter a single word just like the guys.....

He walked close to me, I mean so close

I could feel his breath,

water was around his head like the shape of a crown

Is he a king????

How on earth could water form a shape of a crown

He bent his head down to my height, his red fury eyes turned gold

They sparkled into my eyes like diamond.....

I felt my voice was released, am so so sorry Tyler I said in a whisper...

The water in his head disappeared, his eyes turned normal

His size decreased to his normal self, his hair slowly turned black

I watched in amazement, I haven't seen a thing like this before.

He pulled me close to himself,

I was standing on my toes cos I was so short

He tucked my hair behind my ear

He placed his lips on mine, my lower lip got in contact with his tongue

It was warm and tastes like strawberry,

his full lips tastes like strawberry

I couldn't resist the kiss, he was all over me, I wanted to break the kiss

But I could feel his hands tied around my waist,

he doesn't wanna let go of me

He kissed every single part of my lips in haste like,

I was going to run away

I could no longer take it, my ties my aching cos I was standing on them.

He finally broke the kiss and pecked my forehead lightly

I feel like a Queen right now, its do touching and wonderful

He let go of me and walked towards the door....

All the flowers came back to life, the sky brightened like before.

You all know what you did was dangerous

How come did you dare shout in this place jaden,

the rule says you dare not talk here if you ain't a god

You disturbed my peaceful sleep inside the water

Its like you all want me dead so soon right?

You all wait for me in the sitting

room you guys will give me an explanation to this rubbish

And you were lucky divya was here to save you guys

Go and wait for me now Tyler said in a low but cold tone.....

His voice was deep and scary

The guys and lilo ran downstairs in haste

Divya meet me in my room now he

said in the deepest cold voice I have ever heard

He walked into his room in a sec.

What??

So Tyler us a demi god and a water god

Episode 13

My feet's started shaking right where I was standing,

I regret coming in here

I wish I could reverse things, Tyler is really gonna kill me today

Jeez, I haven't recovered from the shock of what I saw,

I mean

I don't know how to explain this but am just shocked beyond repair

Everything I saw came flashing back in my memory like the speed of light

So, Tyler is a god,

haeeew I was so stupid not to recognise him all this while

Yea I did, I mean how can a human be so handsome and hot

Now I know the secret behind his cuteness and well body built body.

I walked slowly into Tyler's room, its like my heart is gonna pop out

Am not scared of Tyler its just that I never believed gods do exists

I thought everything about gods

were fairly tales buh now I know its real

I slowly opened the door only to see his sparkling eyes and face

Gosh he's so hot and perfect

Oh divya get your head back together

I shouldn't be thinking about his cuteness now

I should be thinking about my punishment and not his sexiness

I took few steps to where he was standing with his hands in his pocket

Gaddd, why does he have to open his chest, this guy is making me go nuts

Uhmhm am here now I managed to mutter..

"" come closer"". He ordered with a low tone

I took three steps closer to him, he pulled his hands out of his pocket.

He pulled me close as I laid my

hands on his chest to support my short legs.

The looks in his eyes gave me good chills,

he doesn't seem angry at all

His eyes are so adorable, his hair was more alluring and shinny

The only thing I wanna do now is to touch his hair buh m scared

Is he going to scold me???

"" hey you should stop drolling over me""

Tyler's voice brought me out of my crazy thoughts

"Hey am not drolling over you" I mutterd shyly

The smiles on his lips gave me cold chills, I want his lips right now

Uhmhm but how am I going to start???

Am so short, how am I going to kiss him now

I stood on my toes as I stretched my feet and raised my body slightly

I placed my lips on his, aww they are so soft and tender like that of a baby

The Sweet scent of strawberry ran down my stomach

Jeez, does he eat strawberry every minute????

I closed my eyes to feel deep on the kiss,

I closed my eyes and wrapped mg hands around his waist

He kissed me back as he caressed my hair with his hands

The kiss was so tense that I felt butterflies in my tommy,

Tyler carried me as I crossed my legs around his waist,

my hands around his neck.

Yea, and now I was the one who broke the kiss

I looked into his eyes like I was drowning in them

Buh all my mind was in his hair

I want to touch his hair so bad, I want it now seriously

Uhm

Tyler "can I touch your hair?"

"" yes you can " he continued with the kiss

As he continued kissing, I ran my hands through his dark black hair

I think I should pull one string out of it,

I gently placed my hands in the middle

I pulled it forcefully

"Ouch that really hurts" Tyler screamed

I bursted out in a loud laughter, I could stop laughing

Yea, I know that was crazy buh I love what I just did.

I stopped laughing as I planted a soft kiss on his lips

I jumped down from his hands as I left him looking surprise and stunned

"Hey demi god"

" meet me downstairs now" I giggled and ran downstairs...

Gadd I know am crazy, buh I believe he can't hurt me no matter what

I ran downstairs with the speed of

light as I met lilo and the guys panicking

They all rushed toward me like they were expecting me to show up

" hey divya is Tyler still angry? " jaden asked in haste

Uhhm "he's no longer angry at you guys

buh he needs an explanation" I replied

" but wait guys, so Tyler is a demi water god??"" Lilo asked

Yea yea" he's a a god kyle replied

"Wait then how come you guys didn't tell me all this while"

lilo asked with a fish face

"Well we are sorry lilo its just a big secret" jaden replied.

We all bursted out in a loud laughter, we ran round the sitting room

We threw pillows at each other as we ran round the sitting room

Everything stopped moving except our body

That was when we realised Tyler

was sitting down in the chair opposite us

Jeez!

We all stood and watched him smile at us

Hey Tyler you should join us kyle shouted

"Nah, I don't play around like a baby, you guys should continue,
I will just sit and watch"

Tyler replied in a funny voice

Ohh well, he's calling us baebies now, he's a joker

We all ran towards him and started to tickle him which made him

Let out a loud laughter,

.aww its my first time to see him laugh like this actually

His face shines so bright, his sparkling set of tooth's

He hasn't laughed like this in a while

I guess he has been stucked in this water god world

He doesn't know what is happiness

But right noe I can see he is the most happiest person on earth

Aww, am in love with a demi god

Seriously, I don't think I can let go of Tyler for any reason exactly

We brought out chess game and we all sat round the table and laughed

Tyler can't just smiling at us, we are his real family

We were talking about crazy stiffs when we heard the door bell ring

Who could that be?????

I walked towards the door and opened it,

Ahhhhhhhhhhhhhhhh!!!!!!!!! I screamed loudly

.omg its Tyler's mom

She's finally back after three weeks

I ran to give her a big hug, I missed you so much ma I said shyly

Aww I missed you too she replied

I held her bag as I led her inside, but another lady was behind her

Hmm, that's strange, the both of them walked inside

Tyler ran to hug his mom, I guess he missed her too

I noticed something, Tyler's mom was having a sad face

Uhmmm, Wats wrong with your face ma I asked concerned

Its nothing baby just sit down with the rest I got something to tell you she said

The atmosphere was awkward between all of us

We all sat down in the sitting room

including Tyler's mom and the new lady

Tyler's mom cleared her voice and heaved a sigh

" lilo, divya in this point of time,

please I want you both to control yourselves"

I was shocked equally buh I couldn't help but reveal this to you as well

Just then the new lady pulled off her glasses

Wat?????

Ms Linda??

Where the hell have you been??????

"Look divya and lilo I got something important to tell you"

Just let the cat out of the bag Tyler said sternly

Uhm

Here is the truth divya and lilo

"They both of you are twins"

The first word she uttered shook my ears, its like a dream to me

" I separated the both of you the day you were born"

" Your mom died of shock"

"And your step mother was the one who killed your dad.....

Am so sorry guys, am gonna do

everything in my possible power to bring her to justice

"Pls don't hate each other anymore"

"Lilo take care of your lil twin as from now"

"And one more thing lilo, jaden was drunk on the night of the graduation"

"He had no idea of wat was going on"

"Your step mother illegal daughter seduced him"

"Please forgive jaden"

Am gonna look for a way to get your inheritance back to you

That evil kira is not your sister, you step mom adopted her

Everything they own now belongs to you two

I just want you all to enjoy your life peacefully from now

Leave the rest for me okay?

Am gonna handle it....

That was what ms Linda said

She got into her car and drove offffffffffffff

Oh! You thought I was gonna cry????

Never!!!!!!

I ran happily towards lilo as they hugged each other in tears

Oh yea! Its finally good to have my twin sister back..

Tyler's voice broke our hug

" okay ladies what now?" "" "" ""

Uhmhm divya, I want to tell you that, my heart only beats for you"

" nobody in the world can never calm my anger except you"

" will you be my girlfriend? "" "" ""

The word Tyler said hit my head like a sword

Sure I will be your girlfriend I shouted

We went into a long breath taking deep kiss

Hey yo girls, stay away from my man now he's mine.

Lilo POV

I stood and watched my twin sister happily, aww so cute

Jaden walked up to me with a faint smile...

I didn't allow him finish his words before I planted a kiss on his lips

" I love you jaden"

I love you too he replied

We all came into a big hug with the rest guys

Let's go party divya shouted!!!!!!!

She's a girl I don't joke with

Okay ladies and gentle men let's go

We all got into the limousine and sped off to the concert

We came out of the limousine as I held divya by the arm

Swears we looks good together, cameras were on us

All eyes were on us, I guess divya is shy

She glued herself really close to me and held me so tight

She couldn't take her hands off me

The paparazzi were all around us

Fans couldn't stop screaming at me and the guys, everybody wanna touch us

Everybody wanna get a sight of divya buh the crowd was just too much

" common babe just wave at them" I whispered in divyas ear

She managed to hold her purse in

the other hand and wave with the second one

Everybody wanna touch her dress, her hair

Jeez these people hardly know my divya and she's already a star

Lilo and divya walked side by side with each other

We stayed and signed autographs for 30 minutes

Its such a long time I swear, we were finally led in by the security men

We sat down in the VIP chairs arranged awaiting our arrival

Divya looks stressed out and tired, I couldn't stop laughing

She just started her career as the girlfriend of the great Tyler smith

Only her waving yet she's tired

She rested her head on my shoulder as I caressed hair....

Everybody were taking pictures of us from afar, gadd so frustrating

I could help buh keep smiling for my fans to take good pictures

They brought me this far, lilo and the guys continued with my job

They started waving and signing stupid papers

Yea we got tired eventually and we sat down to enjoy the concert

It seems lilo is bored

Boom!!!!

Jaden and lilo started kissing , oh god when will they grow up

They are really funny right now

I took my phone and opened all my sites on Instagram

Oh my sweet god

Our pictures are everybody, someone is even doing live video now

Jeez, all my pictures and divya, lilo with the guys are filled in the internet

Sweet saviour, this is so fast right now

The concert is gonna end soon, am just wondering how am gonna go out

The crowd is unbearable

Jiwok, a member of bts is on stage, divya was just staring with her mouth wide open

I guess she has never seen a bts member before

I love it when she smiles like that

And I don't wanna see tears in that face, never!!!!

Divya POV

Omg, first time seeing a bts member, gosh its so amazing

This is a golden chance I would kill for

I was carried away by the treasure of the moment

Occasionally, I stole glances at Tyler, I hate the stare these girls give him

Royal, a rap queen was just staring at him

Uhhmm, seems she hasn't heard he is my boyfriend

I don't take chances for no reason

The bright light that shown at our faces woke me up from my thought

They were calling on Tyler and the guys to come on stage

I guess they will be performing a music tonight

They all stood up and cheered as they walked towards the stage

"" I will be right back twin" lilo

whispered in my ear

Awww my sister is gonna be performing live in my presence...

I balanced on my chair as I watched them sing

Ohh I know that song

"Girls like you by maroon ft cardi b"

Tyler singing

24 hours

I need more hours with you

Spent the weekend getting even oooohhh

Spent the late night making things right between us

Buh its all good babe

Roll that backwood babe and play me close

And they all sang

Chorus

Yea, girls like you run round with guys like me till sundown

When I come through I need girl like you yea yea

Girls like you love fun and yea me

too what I want when I come through

I need girls like you yea yea

Yea yea yea

Yea yea yea

I need girl like you

Jaden sings

Maybe its six forty five

Baby am barely alive, maybe you ve taken my for the last time

Yea

Maybe i know that am drunk

Maybe I know you are the one, maybe I think its better if you drive

I stood by the curtain of the stage

Its time to reveal who I really am, I picked up a micro phone

I stood just then entrance of the stage,

I signalled the coordinator to switch off the light

I started rapping the cardi b part

Not too long ago I was dancing for dollars (eoow)

Know its really real if I let you meet my mama(eow)

You don't want a girl like me am too crazy

But every other girl you meet is fugazy (okurrt)

Am sure them other girls were nice enough

You just need someone to spice it up

So you gonna call cardi cardi

Come and rev it up like Harley Harley,,

Why is the best fruit always forbidden?

Am coming you you now doing 20 over the limit

The red light, red light stop (skrrt)

I don't play when it comes to my heart, let get it
Though

I don't really want a white horse and a carriage

Am thinkin of more white porches and karats

I need you right here cos every time you are far

I play wit this kitty like you play with your guitar

I barely stopped the rap when the

loud scream came blowing my ear off

The sound of the crowd cheering me up gave me cold chills

Its like am in heaven, did I just make my dream come through???

The beat of the music was still booming in the air

The guys couldn't pick up the song anymore

Just then the light was switched on again

The scream from the crowd increased ten thousand times louder

Tyler stood at his spot as he stared at me

Lilo couldn't move either, they guys were dumbfounded

I picked up the microphone again as I continued with the chorus

This time around I changed the lyrics

I need a boy like you yea yea

Boys like you love fun and yea me too

When I come through I need boy like you yea yea

Yea yea yea

I need boy like you

This time around the crowd bursted out in loud cheer

Tyler looked so shocked, I know he wasn't expecting it

Soft tears flowed freely from his eyes

I started crying too, this is a moment of happiness

Tears of joy started flowing from our eyes

Tyler opened his hands to embrace me

I dropped the microphone on the floor and ran to him

I hugged him so tight to the extent I could feel his heart beat

He raised my face slightly as he kissed me passionately

We couldn't get enough of each other at the moment

We broke the kiss as we all went outside

Yea yea the concert is over

Let's go home I whispered to Tyler

Uhhh? "

why are you so eager to go home?" He asked

Uhhhm, I don't know I just wanna

spend the night with you I replied shyly

We both giggled at each other jokes

We got into our limousine and drove off

Jeez through out the ride jaden and lilo were making out on the couch

Kyle and romeo were giggling with their girlfriends

We all were occupied

We finally got home and tyler led me to his room

I know he wants me to spend the night with him

Maybe he's shy to say that to my face

Am so tired right now or even worse

I quickly pulled off my clothes as I went into the shower

While Tyler went into the swimming pool do his mysterious evil

I allowed the water run through my bare tiny body

My mind was on Tyler and my virginity

He shouldn't try anything stupid tonight tho, am gonna kill him

I switched off the water as I tied the short towel around my chest

My towel ended right after my butt, cos its very short

I opened the door only to come in face with Tyler

He was only wearing his boxers, his chest was wide open

Just when I was about to scream, its like my mouth shut by itself

Tyler wasn't in a human form, he was in a demi god form

He wasn't in the full form yet buh he was half way there

His height became a little bit more, his chest became so wide

All I could see his the big muscle he was having

A shiver ran down my spine

Tylers eyes ran through my whole body, jeez

Why did I allow him go into the water

Am so fucking dead right now

He couldn't get his eyes off me, I couldn't move either

He walked slowly to where I was standing, sudennly the lights went out

Tyler pulled the towel away from my body, he kissed my lips till I was lost

His hands were around my tiny waist

I was lost in the moment, I ran my hands through his hair

He drew me so close to his body, my hands were on his bare chest

I could feel his hardness, yea itssssssss I don't know

He pulled me slowly to the bed, he dropped me slowly

His breath was right in my face

Yea, he tastes like strawberry too,

Now he's getting close

He kissed my neck down to my abdomen

" hey Tyler am a virgin I whispered "

I know he replied laughing "

I was lost in the pleasure of the moment

He thrust in and I moaned loudly

Someone should tell Tyler to slow down pls its my first time

Episode 15 finale

Authoress: choizey onas

Divya POV

I woke up from the tight cuddling on the bed

My body felt so warm and light like I lost weight overnight

I couldn't move, am so weak and tired right now

I slowly opened my eyes to the full view of the sun shinnig bright on my face

The curtains were open wide

The reflection of the water in the fool shone brightly at my sight

Awww, I wish I could swim in the pool buh its so deep

Am not ready to die yet

I wanted to raise to my body slightly so I could stand up

But Tyler wrapped his hands around my waist so tight

His head was beside my neck, his breath on my neck

I turned my face to his face, awww, he looks so cute while sleeping

He looks more like a baby tho, I ran my hands through his nose

I tucked the hair covering his face behind his ear

His pink soft lips, was all I wanted at the moment, the look on his face

You could tell he is in deep sleep

I places my lips on his as I pecked it gently, to my greatest surprise

He returned the kiss, he kissed me gently using his tounge to tickle my lips

"Good morning babe"

"Good morning" I replied shyly

He removed his hands from my waist, he stood up and stretched

He walked towards the mirror and stood there for a while

His eyes turned from brown to gold for two minutes

At first I was a little bit scared but my fear went away when his eyes turned back to brown

Hey!!!

"Why do you always have to do that eye changing" I shouted

"Am recuperating " he said as he giggled

Common stop it, its so scary you know

The only thing he did was lit up a smile

He stood right before me, few meters away from the bed I was sitting

Common let's go eat he said while smiling

I raised my body up from the bed as I sat on it

Tyler gave me a puzzled look as he couldn't get his eyes off me

Uhhmm, why is he staring at me I thought

Then then I remembered I was shirtless, oh no! He was staring at my boobs

I quickly gasped as I covered my breast with my two hands

Little part of it was still showing tho, my cheeks suddenly turned red

I feel so shy buh Tyler couldn't stop giggling, gosh he's such a pervert

Common Tyler get me a shirt over here I pleaded

He picked up a White t shirt and walked over to the bird

He gently removed my hands from my boobs as he buttoned the shirt

Jeez you should really get yourself a caring boyfriend like Tyler

I stood up from the bed, I took a step but I felt a sharp pain in between

I screamed loudly as I fell on the floor, Tyler came rushing down to me

" Hey'

You okay?

"Wats wrong" he asked feeling guilty

Its okay Tyler just help me up I will be fine I said with a broad smile

"No no no no"

Tell me what's wrong he insisted

Okay, maybe you forgot you worked on me through out last night

You didnt even allow me rest till this morning

And the pains are temporary don't worry it will leave soon I assured

There were blood stains on the bed buh I was shy to say it out loud

Tyler carried me on his back like a baby as we went downstairs

Tyler's mom, lilo and the guys were playing , laughing and throwing pillows downstairs

They all stood in amusement as the watched me and Tyler

The look on Tyler's mom face was a pretty smile

"Ye, these two fornicators finally woke up from bed" lilo shouted in laughter

We all bursted into another round of laughter

This is the moment I ever wised for
