#NEO

I arrived at my house it was still big but changed colour there were four cars there I went to knock and my lil sister open she was wearing a tight skirt blouse and heels carrying a child around 2-4

Her: Neo!!! (She was shocked to see me then she hugged me and everyone expect my Father there were strangers sitting with ny father I was scared and ready for him to send me back

Dad: mabontle go fetch a bible and everyone sit down (we all sat no-one said a word I was even shaking ready for him mabontle give me a bible and everyone else)

Dad: today we going to read about the Prodigal Son (also known as the Lost Son, Running Son, Loving Father, or Lovesick Father) because I have a prodigal daughter please open Luke 15:11-32 (do I still remember how to open a bible I open it)

Dad: Neo please bless as (I could feel eyes piercing my skin I cleared my throat)

Me: there was a man who had two sons. The younger one said to his father "father, give me my share of the estate" so he divided his property between them. Not long after that, the younger son got together all he had, set off for a distant country and there squandered his wealth in wild living (I was getting emotional when ready that's what happened but I forcibly took my inherit)

Me: after he had spent everything there was server famine in that whole country and he began to be in need, so he went and hire himself out to a citizen of that country who sent him to his fields to feed pigs. He longed to fill his stomach with the pods that the pigs were eating, but no one gave him anything (tears rolled and I wiped them)

Me: when he came to his senses he said " how many of my father's hired servants have food to spare and I am here starving to death!" I will set out and go back back to my father and say to him: father, I have sinned against heaven and against you I am no longer worthy to be called your son (I broke down and everyone was just looking at me waiting for me to continue I already knew my fate why must I continue)

Dad: please continue

Me: make me like one of your hired servants so he got up and went to his father but while he was still a long way off his father saw him and was filled with compassion for him, he ran to his son threw his arms around him and kissed him the son said to him " father I have sinned against heaven and against you I am no longer worthy to be called your" but the father said to his servants "Quick! Bring the best robe and put it on him. Put a ring on his fingers and sandals on his feet bring the fattened calf and kill it let's have a feast and celebrate for this son of mine was dead and is alive again he was lost and is found" so they began to celebrate

Dad: you can stop there mabontle will continue

Mabontle: meanwhile the older son was in the field when he came near the house he heard music and dancing so he called one of the servants and asked him what was going on "your brother has come" he replied "and your father has killed his fattened calf because he has him back safe and sound" the brother became angry and refused to go in, so his father went out and pleaded with him but he answered his father "look! All these years i've slaving for you and never disobeyed your orders yet you never gave me a young goat so I could celebrate with my friends but when this son of yours who has squandered your property with prostitutes come home you kill the fattened calf for him!"

"My son," the father said "you are always with me and everything I have is yours but we had to celebrate and be glad because this brother of yours was dead and is alive again he was lost and is found.

Father: I welcome home (they were happy)

Mabontle: we could your favorites unless you have new ones

Me: thank you

Father: your room is still the same way you left it you can go bath (kneel down before them crying and thanking me my brother walked with me to my room and throw himself on my bed he was updating me that he is married that lady downstairs is his wife and mabontle got married 2 years ago that was her child they had good paying jobs to provide for mom and dad even their family I even finished bathing I told everyone about my life even Skylar they were shocked I didn't attend my son's funeral and the virus I had they welcomed me with open arms
