## Chapter 1

My heart was pumping fast „I increased my pace as I tried forcing myself to move,,my body kept letting me down ,I needed energy but I was losing energy,, taking a deep breath I looked at my phone „the picture I saw was no doubt the picture of the man I was supposed to get married to and my supposed to be best friend,,what the heck „why?????is a question I couldn't answer,,I had seen the signs ,all of them ,I just didn't wanna believe that all this was true damnit I let myself be fooled. When you love someone its true that you become blind as well .

I banged the door open, the devil was there and the she devil herself was standing in between his legs whilst he sat on the table in his office,, her arms around his neck but were dropped when I entered. He looked at me with shock ,I wasn't expected to be there „the days before I always made sure to call before

visiting his office but ever since an unknown person sent me a pic of Justin and Vera making out I didn't find any reason to even bother calling before going. Rules had been broken already so really there was no need for the formalities, I had decided on the way to make a grand entrance ,, honestly Vera being there made my life easier and saved me the trip of going to her place to confront her. I'm sure they noticed I had a death look on my face ,the anger I had was immeasurable,, I wanted my heart taken out ,,there was Noway i was going to be able to put the pieces back together.

Jus: Dalla babie its not what it looks like

Me: then tell me how it looks like because I'm damn well looking at it,,tell me how this situation looks like and better talk fast.

Jus: Vera just got here alright,,, she was just giving me a greetings hug

Me: so you all now have secret office visits ,,if soo then why were you shocked when I walked in,,why are your faces written guilty, why is her blouse open in the

front its clearly been unbuttoned ,and your shirt „tell me why are the buttons open.

I took out my phone and showed them their photo making out,,both of their mouths went open

Me: tell this a lie took

Jus: babie where did you get that

Me: doesnt matter where I got it what matters is I got it.

Jus: babie don't believe everything you see that must be Photoshop

Me: do I look stupid don't make this worse than it already is,,,

Vera: Dalla I'm sorry

Me : shut up if you know what's good for you,,,,, Justin tell me what's going on

Jus: babie she came on too strong I couldn't resist her.

Vera: that's not true Dalla he's the one who made a move on me I didn't even want all this.

Me: once is a mistake but twice is a choice and you made yours „obviously you wanted what was mine but I'm glad I saw this earlier and I could have been trapped in a bag of rubbish „I hope you guys will be happy you deserve each other, Vera you were supposed to be my best friend now I know you were nothing close to my friend I regret ever knowing you please stay away from me And Justin go to hell its over

Jus: you just don't tell me its over without listening to me babie we have come a long way we can't give up now cause of this bitch .

Vera: so now I'm the bitch yet you used to say Dalla was the bitch

Me: I am the bitch who was too blind to see betrayal just not anymore,,,, Justin I don't ever wanna see your face even by mistake I'm leaving,you had the nerve to call me names behind my back what a snitch calling me names just to get inbetween her legs, you people disgust me.

I walked towards the door and he went infront and blocked my way.I pushed him away but he fought strong , there was no way I was going to give in to his

charm not this time. I couldn't believe he had the nerve ,, after I caught him red handed,or maybe he expected me to brush it off,,, was this man normal??I slapped him hard and tried to move.

Jus: I can't let you go I'm sorry

Me: if you think I'm staying then your brain is more screwed up than I thought

Jus : why are you acting this way we are getting married in 2 weeks

Me: I'm not marrying anyone worse a loser like you,,go and marry Vera your beloved.

Jus: don't piss me off, I don't want her,I want your

Me : piss you off???? Piss you off ,,have you any idea how I'm feeling ,you want me???? Who is on the photo???is that me huh tell me???and when I walked in,,was that me you were holding???

Jus : I said let's talk ok

Me: go to hell Justin I said go to hell you miserable piece of rubbish.

Vera: I don't want to lose a friend like you Dalla you have been there for me even the time i was at my lowest ,you have been my sister all this while

Me: lol you should have thought about that before you screwed the love of my life,I have no sister like you,, you don't sleep with your sisters fiancée.

I really looked at her she was still standing where I had seen her ,,I walked up to her and grabbed her braids tight,she was not as strong as I was so I pulled out about 5 in the front and banged her head on the table,,I took out a stapler and stapled her fingers,,I punched her in the face non stop until Justin came to hold me ,I was now getting out of control and the more I got out of control the more I felt better.no betrayal was worse than my man and my best friend I wanted the pain to just stop but it kept on coming.

When he held me I bit him on his hand,,I really dug my teeth into his skin like a wild animal,,that was surely the best feeling ever I wanted to break all the veins on his hand that had the nerve to touch another woman who was not me,,,he groaned with pain and left me,,I had done damage to his hand I saw blood coming out

but I didn't care .I grabbed my purse and walked out suddenly i had sooo much energy, ndainzwa kuti I can't be alone I called Trevor my other friend .

"Trevor where are you , come fast???"

" I'm by sec street I had a meeting with someone I'm about to get into my car so talk,,what's going on?????"

" he's been cheating on me man....."

" who?????"

" are you stupid obviously Justin has been cheating on me and I caught him ,,my heart is broken Trevor.

" where are you right now ."

" I'm standing by third street about to grab a taxi and go to my flat ."

" stand where I can see you I'm coming now."

My name is Dalla White,, my father was white and my mom black,, I'm the only daughter of my mother and father, but my father died 5 years ago so I'm only left with my mother.I'm 26 and I own a beauty and massaging parlour called D.W.T.F standing for Dalla

White's touch and feel. My father had died a rich man at least he helped me set it up before he died „I was young but I was so interested in making others look pretty feel pretty .I loved massaging that's where Dalla's touch comes in..I would make anyone relax wit just my touch.I had studied beauty therapy so it was not as hard as it seemed,,I had managed to employ 20 people ,because of my fathers influence,, most of his clients came to my parlour to relax so the rising of my company was not hard I just had to keep my standards chete. After he was gone I stayed with my mother for three years then moved out 2 years back I just felt my mother needed the space and freedom,,it was time for her to move on she was still young she had married young ,she had me at 19 „but was devastated when he died ,still he made sure he left her taken care off,,every Sunday I made sure to visit for our Sunday lunch and dinner,,sometimes she would pop in by my workplace for a massage that was our life until this happened,,,,I met Justin when he came for a massage „he had business wit my dad somehow we just hit it off,we were good until I caught him with my best friend.

Anyway i sat on the pavement not even worried who saw me „my life was more of a mess than the dirt on the pavement,, if I had driven my car maybe ndingadai ndafa already because my stress level was increasing.I saw Trevor's Benz ,he was looking for me ,I got up and waved then he parked „my legs were betraying me I couldn't move anymore,,he got out the car and walked up to me then my tears burst uncontrollably. He pulled me into his arms and held me tight „he let me cry it out,,I didn't care about the people who were looking but it felt as if they knew that it was a heartbreak. We then walked to his car ,got in and drove to my flat.Trevor took my keys and unlocked the door.

I sat on the couch and stared into thin air I could sense Trevor was worried.

" what did he say?"

" he couldn't deny anymore because I caught then red handed."

" who is the girl?"

" Vera. "

" whaaaaaat Noway. "

" that's why it hurts the most Trevor if it was someone else it would have been a little better ."

" Vera is one of us how did all this happen???"

" she was supposed to be my sister „the sister I never had,,now I understand why most women don't want female best friends „what am I going to do Trevor „my life is ruined we were supposed to get married but everything is over.

" you need a shot of whisky."

" you know I only go for wine."

" now I'm telling you,,you need whisky so stop arguing

.

He went outside and came back with a bottle of whisky „I think he had it in his car. He poured a shot and gave me right then my phone started vibrating I took it to see who it was but it was the devil himself,,Trevor took it away and said wash down that shot,,Justin's call gave me the guts so I washed it down damnit it almost burnt my throat.that is how we ended taking in more and more shots together.we drank a little too

much but I kept asking for more till Trevor started refusing.

" slow down now Dalla."

" first you teach me how to drink whisky next thing you tell me to slow down,,men are the same firstly you make me love you then next thing you hurt me,,leave me let me drink my sorrow away.

" I won't let you do this to yourself because of a man ,, I don't want you damaging your liver you been taking in too many straight shots that's enough."

" shut up Trevor. "

" stop it Dalla."

He was trying to get the bottle away from me but I was fighting to keep it we pushed each other until I fell on the floor and he landed on top of me.

### Chapter 2

Dalla

Trev : your eyes are sexy,,extremely sexy

Me: is this your first time looking at me?

Trev: no but they are different today

Me: I'm drunk

Trev: your lips are beautiful and juicy

Me: stop being too nice

Trev: can I kiss you?

Me: you my friend

Trev : kissing friends

Me: mmmhmm

Trevor was one hell of a guy but he was my friend,,we had been friends for 6 years ,,I knew all of his relationships and he knew mine ,there was always this spark between us but we avoided it just to keep our friendship going,,we treasured it and definitely wanted to keep it safe,, so to us our relationship was to remain strictly friends no matter what,,must be because of the whisky we found ourselves vulnerable and when he asked if he could kiss me I wanted to say no but for soo many years I wanted to taste his lips ndichishaya mukana.he never stayed without a woman anyway ,the moment he broke up with one lady he would move on to the next as if he was never in any relationship. There was a quick rush of blood the moment our lips met ,,a change in my heart beat more like a beautiful melody,, he tasted more like juicy strawberries with cream.I kissed him hungrily with desire covering for all the years I just wanted to kiss him and the years I was tortured by his presents,, we had been friends for years there was ka that about him but I knew i couldn't have him.

It was nice and ticklelish the way he sucking my lips like he was trying not to bruise them yet still giving

pleasure. My toes began to curl like it was my first time being touched by a man „maybe because I had craved him silently and he was there when I wanted a man to soothe my heart,,I knew it was temporary but I didn't care at all and I wasn't going to regret it.my pleasure was disturbed by him when he spoke

Trev: I can stop if you want me to.

Me: what a mood killer

Trev: I'm sorry I don't wanna take advantage of you

Me: are you taking advantage of me?

Trev : I don't want you to regret this

Me: regret will come if you stop

His eyes were beautiful,, he was a beautiful man and talking too much was not something I needed. My body was now seriously craving him,, who cared about tomorrow and who cared about breaking the rules when my own best friend slept with my fiancé,, I wanted to do something crazy without thinking,,all this time I had been so careful about my life,my man,my friends ,trying to keep everyone happy and

safe,,but who was there to keep me safe ,,the people I trusted messed up my life ,,my desire to just live anyhow gave me the confidence I wanted ,yes I was going to sleep with my friend.we rolled over and I went on top of him I took off my blouse by myself and threw it on the couch then I helped him remove his T-shirt ,,his muscles ,the perks from the everyday work out were right and I let my fingers explore him.he pulled me down for a kiss his hands were all over my body. I was burning up with soo much passion I wanted to explode.

"Dalla,,you are soooo beautiful." He whispered,, he unhooked my bra and caressed my breasts I let out a moan as encouragement ,,things got really heated next thing none of us was dressed noone even thought of the bed or the couch we did it right there on the floor,,nothing felt better than an orgasm after a heart break.i got up from the floor,I wanted to get some water but he pulled my hand.

Trev : where are you going

Me: I'm thirsty

Trev : come here first

Me: I'm all dirty

Trev : i wanna know,,,did I make you come?

Me: did you not feel it.

Trev: I did I just wanted you to say it,,when was the last time you had a man inside u?

Me: 3 weeks back why???

Trev : you are sooo tight I struggled getting in,,

Me: is that a bad thing

Trev: noo but you are too much,,,you can make a man cry.

Me: you didn't cry

Trev : I didn't want you to laugh at me.

He hands were tracing my body,, he made me feel beautiful,, wanted ,,in no time we were busy at it again this time I did the work he kept telling me not to stop,,I made him crazy without a doubt,, I took out my anger riding him his hands on my boobies.we finished same time and this time I lay flat out I was tired .he went to

the fridge and brought water for me because I was seriously thirsty. my phone was still ringing none stop ,calls from Vera and Justin,, the last people I wanted to see or talk to. I got up and headed for the shower,, Trevor joined me in the shower ,this guy was a total animal he had me holding the wall one leg up and I took him in .Justin was good sooo good but maybe because I had wanted a taste of what Trevor had for years made it all seem like it was the best sex I ever had. we finished showering then we both dressed up. I was hungry but I didn't have anything in my fridge so I thought of going out to buy food my heart was feeling much better,, I locked my door then went to KFC for a burger, Trevor was still with me. We ate together but his phone rang and he had to go,, he looked at me worried like he was thinking twice.

" Dalla , are you going to be okay."

" I'm perfectly fine now thanks."

" I can spend the night with you if you want. "

" no sweetie I'm good really,, I'm gonna be OK thanks for making me feel better."

" call me when you need me."

" okay bye."

He gave me a kiss on the cheek and he left.that was his girlfriend calling and I knew it „last thing I wanted was to disturb his life,,I got what I wanted yes and I was supposed to be happy with it and move on. To me he didn't take advantage of me but we both wanted it and I couldn't blame it on the whisky either.I called a taxi after I was done it was already 7 pm and I wanted to sleep early my body was tired.

I got off the taxi and walked to my flat only to find the devil himself by my door,,I put on a serious face „unlocked my door ndokubva ndapinda,,ndaakuvhara he pushed the door open and closed it.

Me: please get out

Jus: I'm not leaving until we talk

Me : I got nothing to say to you.

Jus: good because I have something to say to you.

Me : I don't wanna hear it.

Jus : and I want you to hear it

"I screwed up babe ,I messed up and I'm sorry ,,just one mistake and you are doing this to me,,we are about to get married where we make vows like for better for worse I will be with you,,,does this mean you were going to lie to me,,I have never done this before its my first time ,I love you and you know it,,and will make it up to you babe ,,tell me anything and I will make it up to you,Dalla babe please I'm begging you to love me again,,I don't deserve you but please love me again,,relationships are full of ups and downs ,,this is our down but let's get back up together boo."

Me: are you done?

Jus: babe don't do that

Me: I'm serious

Jus: babe usandidaro

He walked towards me ,,I don't know why he decided to look at my couch ,,he saw the bottle of whisky and two glasses there ,,in as much as I didn't wanna be scared I got scared looking at his facial expression..I moved away from him and he grabbed my hand.

" don't touch me."

" who was here ."

" why do you care who was here?"

" I'm not playing with you ndiani anga ari pano answer now."

" none of your business get out."

" so you been looking for an excuse to sleep with another man and you got it right,,all that talk of betrayal and here before day end you were already screwing someone else what the heck is that damnit Dalla speak."

"I don't remember owing you any explanations after what you and Vera did to me just leave alone."

" not soo fast don't play clever with me I'm not that stupid,,you are going to tell me who was here and you are going to tell me now."

He got hold of my arm and twisted it,,that was painful I screamed in agony but he twisted it harder " Justin let me go I will tell you."

" talk."

" Trevor was here „he picked me up when I left your office „he had a bottle of whisky,,, I was in pain so we drank whisky together just to calm me down but nothing happened I swear."

" don't lie to me Dalla ."

" I'm not lying and besides you been screwing my best friend so I can sleep with whoever I want you have no right to ask me."

I wished i hadnt said anything he slapped me sooo hard even the room went dark,,,I screamed and he came to hold me tight,,I tried getting out of his grip but I failed he was too strong.

" try it Dalla if you wanna see your worst nightmare I dare you to try it and you better be telling the truth that Trevor didn't touch you,,,I will kill you before another man touches and get this straight „you and I are not breaking up."

" I can't do this Justin,,I can't „kill me if you want but I can't be with you anymore,,you don't love me ,you never did,it was all a lie."

" just because of one stupid mistake you already saying so,, who doesn't make mistakes huh ,tell me,, you will have to forgive me eventually, because I'm not letting you go.

I cried and I cried hard this man was evil,,he hurt me then had the nerve to force me to love him back,,I still loved him that was obvious but forgiving such a thing was something else.my cheek was still soon painful from the slap I got from him he tried touching it but I moved my head,,he turned my head by force ,,his eyes were red they scared me,, he brought his lips to mine but I turned away.

" did he kiss you?"

" no."

" so kiss me."

" you kissed her with the same lips."

" she will never kiss me again."

" I don't care."

" I care,, prove it to me that he didn't kiss you."

" he is my friend come on why do you think every man is like you?"

" I said kiss me Dalla. "

His lips found mine again and I just felt weak and kissed him back.

### Chapter 3

Dalla

Me : sorry I can't do this

Jus: no babie wait

Me: no I can't

Jus: fine,suit yourself

I broke off the kiss because I knew where it was going but its funny he wanted me now because for 3 weeks he never touched me it was like I put him off,he looked at me differently,, like there was something wrong with me,,,honestly I almost thought I was lacking

something somewhere like I wasn't doing something right. I had tried talking to him but he would avoid the issue, pretend like all was well when we both clearly knew something was off.

Me: it's time for you to go home

Jus : am I not allowed to spend a night by my fiancée's house

Me: ex fiancée I wanna know though,,at least tell me where I went wrong.

Jus: let's not spoil the mood.

Me : which mood cause my whole life has been spoiled so don't tell me about moods.

Jus : you see this is exactly why I cheated ,,you are too thick headed for my liking and you are too clingy .

Me: wow 5 freaking years and you only found out now that I'm too thick headed and clingy,,great I'm setting you free from the thick headed clingy woman

Jus: isn't you asked for the truth and I told you,instead of saying you will fix your mistakes you telling me to go.

Me: are you turning this on me now,,I don't have time for all this but thanks for your honest I will remember that in the future.

I went inside my bedroom and I started packing my clothes,,I was going to my mothers house at least noone would bother me there.At least with her I would be myself and no need to hide,,she knew my relationship with Justin in and out except for the sleeping with him obviously,,soo much was going through my head as I packed my bag,,I started crying again,,this ass of a man had the nerve to make an excuse for his cheating worse trying to make me feel bad about it.

Him: Dalla where are you going

Me: my mothers house

Him: but why? You have you nice space here

Me: ooh so that you will be able to come and torture me here.

Him: I don't mean that I mean you don't have to leave because of what happened this is your flat

Me : yes my flat and I can do as I wish „look I don't wanna talk about this anymore I seriously need my space.

Him: okay fine will I be able to visit you.

Me: no just leave me alone.

I pulled my suitcase out the door and locked my house ,he wanted to help me carry my bag but I wouldn't let him,,I threw the bag in my car and drove off without looking back,,I was crying all the way to my moms house.I got there and she had just gone to bed „I told her not to wake up I would see her in the morning „she said OK and went back to sleep.

I jumped on my bed and slept,,I was really exhausted I really needed the rest.I was woken up by my mother with a tray of coffee „I looked and covered my head I didn't wanna wake up it was still too early.

" moooooom go to sleep please ."

" and i wanna know what happened to you that you drove here soo late without even calling.

" if I tell you then I will start crying again I don't wanna do that.

" I'm your Mommy who should you tell if its not me."

I narrated the whole story from the beginning „she looked at me with soo much pity which was something I didn't want „I needed to pic myself up but Justin was all up in my way and I had no idea how to deal with him.I told mommy about it and she just told me to decide what I wanted and felt was right for me,,ma always wanted me to make my own decisions even when I needed her to decide for me.i guess she wanted me to mature mentally anyway I drank my coffee but I had a headache must have been the hang over.in no time I had finished bathing so I decided to go to the gym „its something I did everyday.I put on my tights ,vest and sneakers ,I was looking good that much I knew,,i tied my hair in a pony and drove off.

Nathan „,,Justin's friend worked at that gym second thoughts were all over my head but I had to face the world ,why should I be the one crawling up in my closet crying and hiding from the world,,my attitude had changed and I liked this me.I walked in with my

towel and a bottle of water,, Nathan was already in so he came to greet me when he saw me walking in.

"Dalla you look stunning as always.

" thanks Nathan but I need to work on my hips and my butt."

" whaaat but you already have perfect shape and size,,do you wanna reduce the size?

" no I wanna increase ."

"Lol are you trying to murder someone with that body."

" maybe lol but I need a trainer and pliz be my trainer I also wanna work on my arbs

" I will be happy to train you,,just make sure your body is flexible enough?"

" why don't you find out"

Nathan was a pro and a perfect trainer but he had a look that he gave me when he was training me,,like to say what are you up to Dalla but I acted like I never

noticed,,instead I kept doing things to torture him,,showing him how flexible I was.

Nat: your flexibility is a killer wakazvidzidzira kupi."

Me:kuma Nyasaland anoita bedroom training. "

Nat: lol coloreds do that too?

Me: unoda ndikuratidze.

Nat : your shona has improved who has been teaching you?"

Me: Justin but ndoda unditise ma lessons futi lol.

Nat: I can teach you a lot of things zvisingagonekwe na Justin. "

Me: I bet you can.

Nat: munhu wako is here and its like he's looking for you.

Me: ignore him and keep training me.

Just:are you guys fighting?

Me : noo ,,,,now concentrate.

Jus: I can't cause he has seen you and is walking towards here.

Me: ok, gimme my water bottle I'm sweating

He gave me and I gulped it,,I poured some over my body ,sweat was dripping all over my body in a sexy way. I winked at Nathan and walked away leaving the two of them standing , I'm sure Justin was shy to even say my name ,,I got to my car as I was about to open someone held my door from behind,,there he was standing behind me,,he pressed my body on the car with his own and he was breathing on my neck.I turned around and he attacked me with a kiss. ,,I pushed out my chest kunyatsomuratidza my full breast anzwe shungu cause I wasnt even going to let him touch them.I could have sworn he wanted to undress me in the parking lot but I was just teasing him,,he was supposed to remember me for a very long time,,I looked back at the gym and i saw Nathan peeping through the window,,the view had given him excitement I could see that ,finallyI pushed Justin off me and got into my car straight away I drove off.

On my way back to ma's house i got a message from Trevor „saying he was by my place „I turned my car and headed to my flat,,,,, ask me why and I won't know the answer,, so i got there and he was standing with a mugg of coffee lol i laughed ,was that supposed to be a cure for hang over again ???I thought more booze did the trick,,I unlocked my door and we got in was tired so i threw my gym bag on the couch....

Him : I came back for my shades.

Me : mmmmmhhh shades huh ,I thought you came back for me?????OK take them then „they are still where you left them

Him: you coming from the gym

Me: yeah

Him : you are sweaty.

Me: soo sweaty

Him: I wanna lick it

Me: eeew nasty

Him: you like it?????

Me: yea

He picked me and I put my legs around his waist,,I don't even know why we were doing this again.my heart was beating fast like I had been waiting for him all night.I took of his clothes and he put me on the couch and pulled of my tights,, I had nothing on inside soo as soon as he took them off he went down on me...

Me : Trevor no wait I'm too sweaty

Trev : I thought I told you I wanted to lick off the sweat,,if its down there then that's exactly what I'm looking for. So relax and let me lick it off.

He surely worked ,,his licking was great,,Justin was not into going down on anyone he preferred just sex but now Trevor wanted it and i let him do it ,,I held on to the couch soo tight pushing my whole body up..Trevor was wild and he did crazy things I was not used to but I liked it.I could see he wanted me to come just by his tongue playing by my punani.I put my fingers in his hair keeping his head down there so that he doesnt move.

Ooooh,,, I moaned quiet loud the things he was doing maiwee,,, I searched for words to say but I didn't know so I moaned louder and had my nails in his skin.he didn't stop until my whole body was satisfied and left me shaking,, he came on top of me and entered me i could feel every single movement. He didn't even give me the chance to return the favor so I let him be,,,he took his time until he was satisfied.

Trev: I see noone has been in there since last night

Me: how do you know

Trev: I just know

Me: yeah noone yet

Trev: what did you mean by yet????

Me: I mean just said that ,,just for just

Trev: was he here last night

Me: yes he was

Trev: what did he say???

Me: he found out you were here

Trev: and what happened

Me: he hit me

Trev: what the.....

Me: not because of you but because I said I could sleep with anyone I wanted so he promised to kill me if I do so.

Trev : you not safe here Dalla I should have spent the night

Me: he would have killed you.

Trev : you my friend I don't care

We left the issue like that because I didn't wanna talk about it yet so we stopped talking about it,, I just wanted more of him,climax was making me better so I kept wanting more sex.

### Chapter 4

Trevor

I'm Trevor Moses „sec son of Mr and Mrs Moses,,i have a brother Timmy who lives in London with his family „ndogara hangu ndega in Marlborough but mom and dad live in greendale.I work as an IT engineer for an IT company but I have soo many side jobs zvekuti I don't even have to go to work. Party days and women are more of my thing Ku Africa munhu akangoita a little bit of money it means more women for us.I can't even think or count the relationships I have been into. But anyway the person behind revealing the truth about Justin and Vera is me,,Vera was our friend but her sudden interest in Justin got me worried „whenever we had a get together I would watch her staring at him with eyes that wanted him ,when I asked her about it she denied it,then one day I caught them standing soo close „,when I walked in they got a shock but I

pretended to not notice anything. my instinct told me something was going on but between Vera and Dalla , I was definitely going to protect Dalla,,, Vera was more of a just jealous person who never worked hard for anything but wanted other peoples left overs so I decided to watch her closely that's how I got a photo of them making out,, I could have kept it to myself and confront them but dalla was supposed to be getting married to Justin hazvaibuda I wanted her to know the truth before getting married. when she called me crying I already knew the truth was out and I had to be there for her, she needed me and it was my fault she found out anyway . I had sent the photo to her using an unknown number I guess that's when she decided to confront him

Dalla put me on the spot and she had me on her grip when I fell on top of her ,, her magnet got me stuck and feeling things i shouldn't have been feeling,, this was supposed to be me comforting her over her broken heart, nothing hurt me more than watching her cry,, I was unsure of what to do that's why i gave her whisky just soo she could forget everything,,, but now that whisky made a huge turn of events and I ended up

tasting the forbidden fruit,,I tried to stop myself reminding myself that this was Dalla ,my friend and not my girlfriend but again Dalla had a nasty sex appeal that would make you want to tear her up. All these years I had managed to control the spark between us and not getting carried away but Dalla caught me off guard and before I could fight it I was deep into her.

I thought of all the women I had been with but no punani tasted soo good ,soo fresh and soo tight I kept wanting more even though my mind kept telling me to stop my body kept letting me down. I had her in my mind when I went to see Kelly my girlfriend,,leaving her all by herself was hard but how was I to stay after what we had done.in my heart ndanga ndisingade to ruin our friendship so I decided to forget what had happened and went to see my woman uyo aiyema zvokuti.ndakatanga ndaita pass through the pharmacy to buy and boosting drug because honestly kuna Kelly I wasn't going to be able to do it ,,not that I didn't want but ndanga ndapedzwa all of my energy na Dalla , and with the way I was feeling after sleeping with her I was failing to control myself,,,if I had known she would

do this to me all along ndingadai ndakamuda kare or ndakatiza kare kare „she was just a woman that would make a man scared to even approach her,,she was fierce so I preferred being her friend and truth is I wasn't good enough for her.misikanzwa yaindiwandira and I couldn't settle down chi bad boy changa chakandipinda.

I didnt stay long by Kelly's house my mood was ruined ..

Kelly: babie where are you going, you just got here apa wandisiira panzira where's your mind????

Trev: I'm sorry I'm stressed bout work.

Kelly: I can make you feel better if you let me.

Trev: not today I just wanna go home,.

Kelly: since when uchindirambira

Trev: well since today Kelly kana ndati I wanna go home it means I wanna go home ,it doesn't mean Kelly give me a massage, or Kelly give me sex, are you a damn sex whore or sex addict that every single time unoda kupombewa nxaaaa.

Kelly: what the hell is wrong with you „and why are you saying such nasty rubbish to me „ain't you the one that comes here everyday for a bit of this thing and anopomba wacho handiti ndiwe so what's different today nxaa get out of my house .

I don't even know why I was moody and being nasty to my girlfriend APA ndanga ndatadza kumufadza futi I just said sorry and I left .I got home took a shot of whisky and went to bed,,I kept tossing and turning but no sleep came, I wanted to drive to Dallas house but it was improper what if I was to find Justin there vaita kiss and make up ndaiti ndauya kuzoitei.I wanted to call but still futi I never did that before it would seem strange ndakasiyana nazvo.ndakazorara pretty late but woke up very early,, I checked my phone but no message from dalla „I jumped into the shower ,dressed up,,passed thru the coffee shop kuti ndinowana an excuse yekuti ndauya necoffee.

She wasnt home but she didn't take long to come after ndamuti I was by her house „I found myself making stupid excuses ekuti ndauya kuzotora mashades angu but really that was lame I knew kuti ndabatwa,,I shifted my attention to her sweaty body,the events of

the day before flooded in my brain next thing I knew I was licking her punani like I was licking icecream,,sweaty but clean ,, dalla was an amazing woman. I was behaving badly but she didn't stop me meaning she wanted me just as much but where was this leading us??? I couldn't hurt her in as much as I wanted her but for that moment I listened to my body .I didn't understand why Justin would cheat on a woman like her I guess relationships were not just based on punani like mine.I had her on the couch the way her skin was kept making my shaft hard ,,there was something about her white skin chaikutosvora uri murume asiri strong you would come by just looking at her. We stopped a bit then we spoke about how Justin had hit her,, honestly I wasn't happy about it ,, but wanting to protect her got my dick hard. We decide to leave the issue and have fun

Him: Dalla is there something that you put in your punani

Her : lol why?

Me:I don't wanna come out.

Her: so ride till you can't ride anymore

Me: my shaft keeps standing nomatter how many times I come.

Her:because you haven't cried yet.

We fell on the floor,,she rolled me over and she went on top,,she was sitting like she was sitting on a stool ,,she was moving her waist slow going up like taking my shaft out but not taking it out then back down like teasing me,,she went up again ,took it out this time then she put it back in

"Dalla stop I won't last.

" I'm not going to stop.

" please Dalla. "

" I want you to tell me if I'm a keeper because Justin cheated ,,now tell me where I'm doing it wrongly.

" but you not doing it wrongly you are actually driving me nuts.

She had me in a sitting position my back leaning on the couch,,she was sitting on me,,,on it,,,her waist was too flexible ,she was moving like she wanted to breaking me,,I couldn't hold it anymore but I wanted her to

reach orgasm „I sucked her breast while she rode me,,she was a freak,she was wild,,her moaning increased the more I sucked her breast I felt her she was about to blow,I let myself go and we finished together.

" If he finds me here he will kill me

" I would love to have him watch you riding me."

" you are sick. "

" he made me"

" maybe we need to stop Dalla,, we supposed to be friends."

" suite yourself."

" wait listen I enjoy you big time ,,but I don't want to be obsessed with you,,I'm not lying what you have inbetween your legs makes a man obsessed believe me I'm jealous of Justin."

" if you want us to stop cool.

" if you were still with him you wouldn't have wanted me ,,I can't keep having you like this,,you are still

vulnerable and I don't wanna seem like I'm taking advantage of you,I need you to heal Dalla,, you have brought out some crazy feelings in me trust me I'm failing to control them but I have to try !!!you have to try,,when you heal and you maybe want me,then I will be there.

" lol you won't be there „you not a one woman guy,,I'm not a sharing woman so it will be hard for the two of us „it might ruin us,,I think you are right let's snap out of it already.

" so we friends right?"

" on one condition.

" what ?"

" I just got seriously horny and you are the only man here ."

" mmmm,one last time huh.?

" yes after the shower."

So we went into the shower „my hands behaved and I didn't touch her,,I lifted her up and took her to the bedroom,, I put on the music,,this time I wanted to

make sweet passionate love to her,,she lay there ready for me,,I kissed and licked every kissable and lickable part of her body when I was done she returned the favor,,she had me in her mouth,,she sucked me like she wanted me to think of only her and I did,,,we then made love like it was our first and last time,,,,yes that was goodbye,,I dont know how many rounds we went for ,,I never had a punani that could keep a shaft up like hers,,taiziva ma 1 or 2 tozorora but this one I surrendered.we bathed!! kissing !!!!wondering if we were doing justice to our bodies ,,denying what we both wanted.

She decided to sleep in and not go to work,,I made breakfast for her then I left for work but I missed her.I was going to miss her legs.

Trevor

I'm Trevor Moses „sec son of Mr and Mrs Moses,,i have a brother Timmy who lives in London with his family „ndogara hangu ndega in Marlborough but mom and dad live in greendale.I work as an IT engineer for an IT company but I have soo many side jobs zvekuti I don't even have to go to work. Party days and women are more of my thing Ku Africa munhu akangoita a little bit of money it means more women for us.I can't even think or count the relationships I have been into. But anyway the person behind revealing the truth about Justin and Vera is me,,Vera was our friend but her sudden interest in Justin got me worried „whenever we had a get together I would watch her staring at him with eyes that wanted him ,when I asked her about it she denied it,then one day I caught them standing soo close „,when I walked in they got a shock but I

pretended to not notice anything. my instinct told me something was going on but between Vera and Dalla ,I was definitely going to protect Dalla,,, Vera was more of a just jealous person who never worked hard for anything but wanted other peoples left overs so I decided to watch her closely that's how I got a photo of them making out,,I could have kept it to myself and confront them but dalla was supposed to be getting married to Justin hazvaibuda I wanted her to know the truth before getting married. when she called me crying I already knew the truth was out and I had to be there for her, she needed me and it was my fault she found out anyway .I had sent the photo to her using an unknown number I guess that's when she decided to confront him

### **Chapter 5**

Justin

I don't even know what got over me „well I am a man and some things are to be expected from a man „like cheating, everyman cheats once in a while ,I wasn't the first and I wasn't going to be the last but we move forward instead of making the whole situation seem as if Justin killed someone. I loved Dalla that's why i stayed with her that long, the problem is maybe she just didn't understand my kind of love for her,,I loved her enough to cover up all my mistakes,I made sure she wasnt hurt by anything,I protected her from my scandals and that's the kind of love she was supposed to appreciate. I was not a man of soo many words yet i also liked things done my way ,I wanted her to

understand that I was the man in the relationship because her independence intimidated me,, sometimes men enjoy doing things for their women but if the woman has so much what else will be left to do for her besides just sex? She was too independent for my liking I should have thought hard about it before we got into each others lives.

My name is Justin ,34 years of age there's nothing much to say,I'm simply rich some prefer referring to me as arrogant but that's just what money makes you,,my life with Dalla in as much as I would like to complain. It has been a beautiful journey I met her when she was still soo young and immature,,I groomed her into a mature woman,I taught her a lot of things that I now regret teaching her like the stuff she was only supposed to do with me.she was a learner she didn't know much even about relationships and being intimate ndini ndakatomupandutsa Mwana wevanhu,,,she was a virgin when I met her that's why I go mad when I think of someone else sleeping with her,,I'm a man so its OK but not iye anditombode hangu and for sure I don't know what I will do ndikamubata.the issue with Vera started at a party

when she kept on passing moves on me,,as a man I resisted for a while but I couldn't help it she came on too strong telling me about how she wanted me,,I had gone to the toilet and she followed me,she caught me when I was just coming out..

Vera: your body makes me want you each time I look at you

Me: but I'm your friend's man what's wrong with you

Vera: my friends man is my man too.

Me: you are crazy

Vera: Justin I'm soo turned on by your presents I'm begging you ka 1 chete and I won't bother you.

Me: how will that benefit me

Vera: you will have me for free I just want to taste you chete

She undid the buttons of her top and her boobies were out naked,,how was I honestly going to resist her ,,I took her into the men's toilet I couldn't hold myself so I sat on the toilet sit and she sat on it,,she was good she was juicy I can't lie ndakanakirwa na Vera,, aiasavika

hake pana Dalla but it was a different punani and I was horny „she had me vibrating in her achichemerera showing kuti she was enjoying herself ipapo I didn't even worry about a condom or what,, I was careless ndaitofunga with my shaft.anyway when she was satisfied we cleaned ourselves and went out like nothing happened,, days went by ndanga ndaakungonzwa kuti I wanted Vera „I even stopped sleeping with Dalla that's how Vera ended coming to my office all the time pandainzwa kumuda.I loved Dalla we were even planning on getting married but with Vera it was just sex ,she knew I was going to marry her friend and she had agreed to be my side chick.

Days went by with our secret going on and I had no idea things would blow up within a month „the day Dalla walked in on us that's when I stepped back into reality,, I hurt her I really did „I didn't know what to do,,all along I had protected her from all these things but this time I had screwed up,,I couldn't even deny it but I had to blame it all on Vera after all she is the one who came after me, Dalla refused to listen to me our fight was fierce she bit me zvekuti I had to get my hand

bandaged ukuwo Vera kept on crying which was really beginning to annoy me badly. I gave her money to go home,,trying to contact Dalla wasn't working and off course that was to be expected after the drama .when I got to her house she wasn't there I kept on knocking without an answer I thought maybe she was ignoring me then I thought maybe she was with someone in the house so I decided to wait for her until she opened the door ndinyatsoona who she was with,,luckily she later came all by herself,, I forced myself into her house trying to talk to her but she wouldn't let me.

My heart raced when I saw two glasses meaning two people had been drinking,, I wanted to know who the other person was,,I was pissed off ,my fear was coming to life,I couldn't stand it ,,I looked at her with blood shot eyes I wanted to do damage even when she said it was Trevor who had been there I still didn't care I never trusted a man around her,,anything could have happened when comforting her,,I looked at her checking for lovebites everywhere on her body, she didn't have any but I wasn't convinced ,,I even forced her to kiss me when she didn't want,,I didn't care!!! I wasn't breaking up with her !!!!Noway ,whatever had

happened she had to forgive me.all the years of us being together were not going down the drain Dalla was my wife „she had to accept that I was going to be her husband nomatter what.

I understood she was angry that's why i let her go to her mothers house,,maybe after a few days she would be back to her normal senses ,I went home to drown my sorrows in booze I couldn't get over her and I felt guilty ,so less of a man I didn't know what to do but to just wait for her to calm down.I followed her to the gym in the morning ,,, she went there everyday ,I was not sure she would be there but I had to take a chance,,I was happy when I saw her car parked outside.anger rose when I saw Nathan's hands on her ,whatever was going on I didn't like it,,I hated it,,,, i walked toward them but she went out when I got there ,,damnit Dalla looked sexy.

Me: what's going on

Nat: what do you mean what's going on??

Me: why were your hands on her.

Nat: she asked me to be her personal trainer.

Me: personal trainer my foot keep your hands off

Nat: what's going on with you guys

Me: none of your business

Nat: ayt man but now she's a client what should I do

Me: and you are my friend

I said so and I walked out,,I ran after her and found her by her car,,her back view was calling me so I pushed her on to the car and attacked her with a kiss,,when she pushed out her chest I wanted to do nasty things to her right there,,three weeks were too long I had done injustice to her,,nowonder she was mad at me ,I neglected her,whenever she tried talking about it I would brush it off,,looking at her reminded me of the best woman I was losing.she drove off and left me hard ,, I got angry,,what was she trying to do,she was teasing me I kicked the air and walked to my car Dalla had left.

Me: get in the taxi and come to my house now.

Vera: why??!! You told me to back off

Me: I said come now,I'm not going to ask you twice

Vera: OK I'm coming

I drove to my house „only Vera was going to get rid of my hardness ,this was all her fault,, I wouldn't be where I was if it wasn't for her,,she was going to pay up for her mistakes, within 20 min she was there,,I didnt touch her or anything I just told her to take off her clothes and get on the bed,,I went on her and entered her without even getting her in the mood,,I didn't care I was pissed,,she didn't even seem bothered I guess she knew why I was doing it so she let me have it rough,, I could see she was enjoying me even the rough me so I kept riding her until I was satisfied,, I went and took a shower I was running late for work,,I had no time to wait for her so I just left her there and went to work.

At least my manhood was satisfied the next thing was my heart „I called in by her office but she wasn't there,,I guessed she was still by her mothers house taking a rest so I let her be I didn't wanna put soo much pressure on her.I had quite a very busy day meetings after meetings i had to focus on my work.after work I drove to her mothers house but noone was there only the maids „I decided to leave it

all like that I drove to my house and slept,,Vera was still there she made dinner „I didnt eat much I was depressed,, in the night I didnt even touch Vera I was not in the mood ndakafara till the next morning,,I went to work but i couldnt concentrate ,,i decided to go to her house ,i left work and drove to her house,,I saw her car parked outside and I knew she was there .I knocked for a while then she came to the door ,I heard her talking before she opened the door

Her: Trevor is that you???

Me: so you are missing Trevor not me???

Her: why should I miss you

Me: don't say that wifey,come here

Her: no

Me: babie I'm sorry please come here just a hug only I miss you I swear I didn't sleep with her we just kissed.

Her: my foot,,what rubbish if you are going to lie then please get out

I moved forward and held her hand I moved closer she wanted to move away but I blocked her,we were

staring at each other,,she still wanted me I knew it ,,I licked her ear and she had goosebumps all over,,I wasnt letting her out of my trap. I kept licking her ear then I went to her neck and I heard a soft moan,,I was getting her where I wanted her,I removed her gown,,she had absolutely nothing inside,,I tracked my hands all over her body ,,I was making her shiver ,,I kissed her nipples I kissed and sucked them then I saw her parting her legs on her own.I hadn't done it to her but I was going to do it I knelt down she was standing ,,I parted her legs someone just to give myself more room,,,I had my tongue oh her punani and I heard her moan louder I put my tongue in her and she had her hands on my head and squeezing it,,,,,she was weak she almost fell and I caught her,,I took her to the bedroom and lay her down I went down on her again until she called my name,,I took off my clothes and went on top of her,,our bodies met and I slid in her. She gasped for air,,every time she tasted better ,,I took my time with her,,I wanted her to know what she was denying herself,,,hazvaigona kuti andirambe,,I was her first,,the way she was moving in circles I knew she was about to come,,I pushed harder and harder.

Me: do u like It

Her: yes

Me: are you sure ???

Her: yeeees

Me: yes who??

Her: yes hubby

Me: I'm sorry babie don't leave me

Her: I won't

Me: promise

Her: I promise

Me: good girl

Thing got heated I felt myself vibrating I went faster ,she was screaming ,I was groaning „so we came together.,,I didnt let her rest ,she was tired but soon as I touched her she wanted more I went in one more time and I was tired „we both just fell asleep,,I didnt even care that Vera was still by my house she was going to spent the night alone.

### **Chapter 6**

Dalla

I stared at the ceiling after Justin had left,, I was dirty I was stupid and I was a fool.I let him blind me again,,I decided to take a very long bath I felt disgusted with myself,, yes i was still in love wit him but he had no right over me ,,he had no right to control me , he had used sex to manipulate me,I felt a big lump in my throat that I needed to release.I started looking back at my journey as a young girl,,,I was fierce,,noone dared to take advantage of me and soo many people were scared of me,,I can't believe in all the short space of time I had changed and turned into someone I didn't recognize. The obsession with climax wasn't working because soon after climax I still felt horrible,,thank goodness I had been on family planning pills or else I would have made a terrible mistake of getting pregnant. Sooner or later I had to take control of my

life .I had no idea how I was going to get rid of Justin but surely I was going to try because I had surely put myself in a tight sport.

I had to stop feeling sorry for myself like I was the only woman who has ever been betrayed by a man,,I wasn't the first and definitely not the last „I walked to my closet „packed all of Justin's clothes that were in my house.I just put them in a box and set it aside,, all the gifts he bought me „I also put them away,this was a clean up campaign for me.I left only the stuff that was mine „it was hard but I had to do it for me.I changed all the linen on my bed,,suddenly everything felt dirty,,I didn't even want the bed ,all that reminded me of Justin and even Trevor who had slept on it,,I can't believe I had let myself promise I wouldn't break up with him, so anyway I took off the linen again,,,took the bed outside of my flat and the linen that i had used on that bed.I knew of one girl that I liked,,she worked for me so I called her up,,

Trish: ma'am good morning where are you??

Me: hie Trisha,, I'm home I have been busy is everything well there???

Trish: yes ma'am all is well we miss you though.

Me: look „if you are interested in a bed and linen come and get from my house,,its not an old bed but I have used it and its still in very good condition,if you like it then you are free to have it.

Trish: oh my gosh thank soo much ma'am I actually have a horrible bed so anything that's just not my current bed is very perfect,, you are heaven sent thank you so much so how much is it?? I don't know if I can afford it.

Me: I'm giving you for free dear „if you are not busy come and pic it up.

Trish: I'm coming right away ma'am I can't miss this chance.

Me: OK then kkkk.

Okay that was easy,,one down,, for a second time i went into the tub for a long bubble bath really cleaning myself up,,I even took time to clean inside my punani,I felt really dirty inside there,,when I was done I went to put on something simple,, I needed to get into town to

get a new bed and linen,,in a few min Trish was by my house.I heard her knock on the door.

Me: you are here,,come in

Trish: yes ma'am ,,wow you have a beautiful place here.

Me: well thanks did you get transport ???

Trish: yes ma'am I got it fast,,I had money saved up to buy a bed so I used that to get transport instead.

Me: good girl so anyway lemme show you the bed,,,

I showed her the bed and I could see she fell in love with it,,I looked at my couch ,,thought of the things that happened there even with Justin,, yuck I was going to get rid of that as well ,i gave her everything actually I don't know what possessed me but I wanted it all out,,she cried and I smiled and I felt good about it.it was still in the morning I had enough time ,,I decided to search for a new apartment which didn't take me long to find since I knew people and great thanks to the internet.I found an apartment in groombridge,,it was beautiful,, two bedroomed,lovely kitchen beautiful lounge not to think of the bathroom.I

actually had a house in mt pleasant that my dad had left for me but I had decided to let someone rent it,,the space was way too big and I didn't feel safe at all so I preferred small apartments. Anyway I made an appointment to view my new apartment luckily I was able to go and view right away,, I loved the garden that was there,,I was already imagining myself planting new flowers,,it didn't take long I signed the lease agreement and paid up my rent for a year,,I hated paying rent every month so once of payments were easy for me.they gave me someone to clean it up right away,,not that it was dirty ,but just the dust,,it had been recently painted so all was perfect,,I took my keys and went back to town.

I went around looking for furniture,,, I needed a brand-new bed so I got my new beloved king size bed ,,headboard and everything else to make my bedroom pretty, then I got new couches ,for my lounge and for my bedroom too,, after I was done with house furniture I went for my linen ,,I bought enough pairs ,,pillows and cushions ,,carpets and every other thing to make the house pretty ..I smiled I was so very satisfied,, my stomach started making noise since

morning I hadn't eaten anything so I went to grab a burger waiting for my stuff to be loaded and delivered to my apartment. After an hour and a half they were ready to deliver so I gave them my address and I made my way to the apartment,,ndanga ndine excitement in me like my life was starting all over.it didn't long to offload and put everything in my apartment,, the guys were very friendly they helped me arrange everything in the order that I wanted one of them even helped me make the bed hahahaha,,when all was done I gave them money for lunch then they left and I went back to my old apartment.

I was really exhausted the place looked almost empty,I had a pressure mattress so I took that out then I went flat on it,,I was disturbed by a knock on my door,,I peeped to see who it was nxaax Justin,, I was not even in the mood of talking to him,,I went back to sleep and switched off my phone,,I don't even know when he left,,but I never woke up again.I woke up very early to start packing but first of all I had to call my landlord to cancel my lease I told him that I had an emergency and I was moving right away.he couldn't refund my money so instead he allowed me to get someone to rent off

the remaining months and collect the money from the tenant,,,, not a bad one after all I had suddenly cancelled the contract without notice.as soon as I was done I started packing my clothes „I called Trish again to help me pack „I gave her most of the clothes and shoes „there were too many that I was wearing so giving away was no trouble at all,,I packed everything and hired transport to deliver to my apartment,, I went with Trish so that she could help me pack

Trish: oh my word this is way too beautiful ,more beautiful than your previous apartment.and the furniture is superb.

Me: thank you,,I needed a fresh start.

Trish: and you gave me one as well ndakanzwa nekudzvokorwa Ku ghetto you should have seen maziso evanhu,,ndikasaroiwa ndine lucky,,,and your furniture looked soo new vakangoti Trish aita mari buying all that furniture all at once,,I took out every rubbish I had mukamuona right now you will be shocked,,I think next month my rent will even go up.

Me: lol is that how it is where you stay.

Trish: how would you know the ghetto when you were born rich ,you are still rich and there's a few coloreds in the ghetto toita vekuverenga,,but life is different ,everyone knows about everyone even the darkest secrets.

Me: I can't survive there,I love my privacy,,,but soon you should move to a better place you need to grow,, I don't pay you peanuts so what's yoàur problem.

Trish: when you get used to cheap life you get comfortable and don't think about anything ,,rent is cheap,,food is cheap etc.

Me: its almost the same you can get a nice place for a reasonable rent, like now your furniture needs about four rooms ,,you once said the rooms are too small,,you can get a big room for double the price which can fit a lot of stuff then another one for the rest of the stuff then bills ,,if you calculate it ,it's almost the same dear,,like if you are paying 15 us for a room and you need 4 then bills all adds up to maybe 70 or 80 but you can get two big rooms in the low density for that amount and a little extra for the bills think about it.

Trish: ya it makes sence I will think about it,,lemme get back to work are you coming in today???

Me: let me get comfortable here I will come in tomorrow.

Trish: thank you for everything.

Me: you are welcome.

I liked her for one thing,,she knew how to mind her own business.she never asked to know soo much like other people and she knew the relationship between her and me was just boss and employee.we had done packing and the place looked spotless, i took a couple of selfies and posted new me new life.it was time to shop for new clothes but I left that for another day.the only thing i had forgotten were the curtains ,,I had to get those as soon as possible and by the end of the day I had my lovely curtains that matched my furniture.

## Chapter 7

Dalla...

I got up early and fresh as ever I had a couple of messages from plenty people,, I hadn't been talking to anyone ever since the commotion. So I started replying them one by one,,Trevor was looking for me as well but I just ignored him.Justin had sent a message pissed off that he didn't find me at home but I didn't reply anyway i went to take my nice hot shower the bathroom was quite big so I had all the space I needed,,soon as I was done i made myself coffee and light breakfast,,it seemed just a bit chilly not too chilly but lovely chilly. Time was moving ,,I had to go earlier because of traffic since I was no longer staying in town so I quickly made my bed which looked absolutely stunning and that same bed had given me such beautiful peaceful sleep. I picked up a beautiful floral body hugging dress ,my heels and a jacket,,matching

purse and I was done ,ready to leave. As I was about to leave I remembered Justin's stuff so i grabbed the box and put it in my car I was going to drop it off either by his office or his house whichever way I didn't care.

I got into my car and drove to work ,everyone seemed soo happy to see me „Trish was all smiles,,, I went around to see if all was well and surely I had nothing to worry about I had trained them well,they knew what they were doing ,I had a few products that were running short my order from Paris was taking longer than anticipated so in the morning i took time to follow up there had been some delays but they were going to be delivered in a few days.that morning was just soo busy for me and busy was exactly what I needed „I also had a few special clients that needed me for their massage „, I didn't even realise it when it was lunch time ,sushi rang in my head so i ordered sushi from my favorite Chinese restaurant then after lunch I drove to Justin house to drop off the box,,the cleaner was usually there on Tuesdays that's why I had decided to got there. The guard opened the gate for me „I took out the box then knocked on his door that's when I got the shock of my life,,,

" hie Vera."

" oh hie Dalla wh wh wh what what are you doing here?"

" I should be the one asking you what you are doing here but well its obvious you decided to take a step further and move in congratulations on your achievement.

" no no no its not what it looks like,,,"

" its never what it looks like just don't piss me off already „anyway I'm not here for a chat I came to drop off Justin's stuff so since you are the wife now take the staff inside and tell him his ex fiancée dropped it off „oh yeah I had forgotten take his ring as well and put it on your finger I don't need it.

" I just came here to clean Dalla that's all."

" and guess what??? My mother is a virgin nxaaa get lost Justin has a cleaner unless you mean cleaning his shaft „well done breaking us up."

" I didn't mean to Dalla I'm sorry."

She finished her sentence when I was already getting into my car „I drove off to my mothers house „morning clients were over I told them to call me in if there was an emergency or special client,,I couldn't believe Justin would still lie to me that it was over between them,,,and there I had been feeling a little guilty that i promised I wouldnt leave yet I was leaving him,,I laughed at myself for being such a fool I had almost invited the devil back into my life this was surely good riddance to bad rubbish „ and Vera wacho kuzopfeka Justin's morning gown,the same one I used to love wearing „surely she had replaced me in a split second meaning all these days she had been staying over by his house lol yaaa life is a teacher. Anyway I went into pic and pay and grabbed cardbury chocolates for my mother,,her obsession yet still she had a beautiful skin.I paid up and drove to her house I was developing a tendency of not calling maybe because she was always home whenever I went there I got there but there was another car parked I figured it was a friend.when I got to the door I wasn't sure if I should knock or not but still it was good manners to knock,,I knocked lightly and the maid came to open.

" hie sally."

" Dalla hie it's soo good to see you come in.

" good to see you too is my mother in?"

" yes she is „in the sitting room she has a visitor."

" i hope male this time lol?"

" hahaha yes actually."

" whaaat ??? You lie."

" I'm not."

" this is juicy is it her boyfriend."

" I really don't know its my first time seeing him."

" mmmhmmh OK anyway how have you been."

" I have been OK I got married last week."

" congratulations I'm happy for you,,so why are you still here."

" he doesn't have much money so I will be working here still then go home weekends."

" okay I hope you manage well"

" I hope so too."

" anyway let me go and say hie to my mother."

" okay."

I walked to the sitting room where I found my mother sitting with her friend,,she was shocked but still smiled when she looked at me,,there was a glow on my mothers face that I last saw when my father was alive,,they trully loved each other and still I was happy they spent 20 years of their lives together ,,my mother had been lonely ever since my father died and honestly I wanted her to be happy again.I went and hugged her and greeted her visitor.

Ma: you never mentioned you were coming here.

Me: I wanted to sneak up on you lol

Ma: crazy,,,, Martin meet my daughter Dalla ,,Dalla this is sir Martin he prefers being adressed that way but he is mr Thomas.

Me: pleasure meeting you sir.

Sir: pleasure meeting you too,, you have a very beautiful daughter Mavis.

Ma: thank you,,aren't you supposed to be at work dear.

Me: I am ,,I was actually there but I'm coming from somewhere and I decided to pass by and see you .

Sir: what do you do???

Me: I'm a beauty therapist and I have a beauty parlour that does make up skin care and massage.

Sir: wow where is that.

Me: borrowdale semi Levi

Sir: that's a very good area for business, and expensive clients

Me: lol well yes ,,what do you do.

Sir: I'm a pilot.

Me : a pilot wow ,, I hope you send some of your colleagues to my parlour after hours of working and they need to relax.

Sir: I will get your card from your mother .

Me: sooo how did you people meet then if you are a pilot ???

Ma: at the airport sweetie ,when I was going to France.

Me: ooooh last year

Sir: yes

Me: and there I thought mommy didn't have friends lol.

Ma : oh please.

Me: anyway excuse me I have to go back to work,,mom I brought your chocolates they are in the kitchen.

Ma: thank you dear bye then

Me: see you ma see you around sir.

Sir: good bye Dalla.

Truth is I wanted to give them space ,this was uncomfortable for my mother I sensed it,,i went to say goodbye to sally then I left for my apartment,, I was not yet soo familiar with the area but I needed the gym,,my old gym was a no go area I didn't want Justin

or Nathan in my space. I went straight to google there was actually a gym close by so I decided to go and take a look and get familiar with the place,,it was like 5 min away from where I stayed,,the people there were very friendly so i decided to sign up,,,goodbye Nathan.

It was superb and spaciousness,, more machines than my previous one I even decided to have my work out luckily I always moved around with my gym bag,,I changed into my gym clothes and started working out still wanted to work on my hips and my ass,,I seemed to be the only female there at that time so I sensed soo many eyes staring at me drooling eyes to be specific but I now hated the male speci,, I did my squats and then I went on the running machine,,this was not new I was quite familiar with the machines soo I turned down the offer to be helped.

After a long workout I went for a shower at least they had beautiful showers when I came out I was given a glass of champagne and a strawberry...

" courtesy of the house ma'am.

" is the what you do to all the new comers."

" yes we are there to make you feel welcome."

" mmmm your boss is good .

" this actually came from him directly to welcome you."

" thank you ."

I sat on the couch that was there and sipped on the champain,,I felt my heart beating very fast,there were eyes piercing me I felt it I looked around but I didn't find the person ,,I took out my phone and called my office just to check on things but all was well,, I sipped on the champaign again and my heart started beating fast ,,I was worried I wondered if maybe something was wrong with the drink like maybe it had been drugged.I pushed that thought aside and washed down the drink,I got up to move but I felt my legs weak as my heart started between faster than before ,,I sat down for a few min then I managed to get up and I left. I went grocery shopping by groombridge shopping mall picked up everything I needed and went straight home,,I didn't have friends anymore except for Trevor who I was trying to avoid.I received a call from Justin.

Jus: where are you

Me: by my place

Jus: you are not there

Me: because that's not my place and why did you go there without calling me first.

Jus: so you moved without telling me.

Me: and why should I tell you as if you mean anything to me.

Jus: don't talk to me like that we were cool last time I checked what's wrong now???

Me: we were never cool you manipulated me during sex and you thought you could take advantage of me „I'm sorry I don't want you in my life its over for good this time don't call me don't look for me and don't do anything that's got me involved .

Jus : its not over until I say its over babie, I will find you even if you move give me a few days i will find you,,don't think I'm stupid its a damn excuse to go around screwing other people .

Me: why don't you live me alone and concentrate on your wife

Jus: which wife???

Me: Vera,, I saw her by your house

Jus: its not what you think.

Me: go to hell and leave me alone you pieces of shit.

I hung up ,,,

Justin.

After Dalla's call I was speechless ko ndeip futi yanga yaakuitika „Dalla had been to my house ,she never told me ,Vera never told me either,,I was very angry „ndakarova mota ndakananga kumba and I was speeding like a mad man,why didn't I tell Vera to go anyway ???„she stayed by my house kunge chikwekwe she never thought about going to her own house thats what happens ne vanhu vasina zvekuita mhani. Story of my life I was screwed „there was no way Dalla would forgive me this time nekuti moving away already meant kuti she was getting away from me,, ndaive ndarwadzisa an amazing woman just because of poto isina deal.ndakamboda kuchema but I had to be strong like a man ndoedza kudzikamisa hana.this had never happened before I never fought with my

woman like that before but kuvapo kwa Vera was a mistake in both our lives.

Gateman opened the gate for me ndikapinda ndiri mu speed I didn't even wait to park my car nicely ndakangoti Vera achivhura door ndakamutambira nembama and she fell on the floor,,I kicked her and hit her all over her body but hasha dzairamba kupera,,ndakamuvhura makumbo ndikatanga kumurova ipapo paida varume,,her presents disgusted me kana kuponda I would have killed her but ndakazozvidzora ..

Her: but you called me here isn't that's why I came.

Me: why couldn't you say noo,,you could have said no to me ,,tell me why you couldn't say no???

Her: I'm sorry I don't know why I couldn't say no maybe its because you are my weakness if you tell me to go now I will go.

Me: what did Dalla say,?

Her: she brought your stuff „its all here she left your ring too.

Me: whaaat,give it to me,,and why did you accept it? Are you the one that put it on her finger ??are you happy now Vera ? You broke us up you will never be close to the woman she is,,wandinzwa here,,ndiudze kuti ati chii??

Her: she looked pissed off I tried explaining but she wouldn't listen I'm sorry she just dumped everything and left.

Me: and who told you to open my door??? Are you my wife now??? Are you acting like my wife now ???

Her: Im sorry but you didn't tell me not to answer the door since you left me here I thought it was ok.

Me: you thought „you hardly think that's why all this is happening,, you wanna be my wife????tell me is that what you want????

Her: I don't know:

Me: oh you don't know so get out of here .

Her: OK I want to be your wife Justin

Me: lol jokes don't seize „well well so that has been your motive all along fine then start acting like one„take of my shoes ,run my bath water and prepare my food fast and it better be damn good.

I sat down on my couch and she took off my shoes „she ran to run my bath water „I was going to use her until I was satisfied that she had leant a lesson„all of my plans with Dalla were going down the drain„my family expected a wedding within a month how was I going to tell them kuti there was nomore wedding ??? ndakanogeza „I took my time ndirimo trying to think of a plan but I couldn't find one ndaitofanira kunotaura namama because I had screwed up„Dalla still loved me and she respected my mother so maybe out of respect she was going to listen to my mother.first time she never took off her ring but this time she did„anga azondiramba babie wangu ndanga ndaakuvhiringika chaiko because I couldn't believe all this was happening.ndakapedza kugeza ndokubva ndachinja I couldn't wait ndokubva ndakutobuda kuenda kwamama manheru iwayo.

" shut up and know your place. Don't ask me about what I do or don't do its really none of your business .

" Justin please don't do that inga I'm trying."

" trying to ruin my life yes,,,if you know what's good for you imbonyarara.

I banged the door and left ,,my mom stayed in greencroft so I drove there ndichimhanyisa mota I wanted to cry but ndaizvishingisa .ndakasvika vachangopedza their dinner ,it was just my mom and dad and the maid pamba...they were surprised to see me ndanga ndisina kumbofona and ndaitooneka kuti ndakafizuka.

Ma: iiiiii ndinomugona ini.

Me: mama inga you are close wani please try.

Dad: right now she is still angry give her time to heal.

Me: when she's healing she will be moving on and forgetting me I have to be the one healing the wounds I put in her heart.

Dad: you should have thought about that before you hurt her with her best friend,,the two people who were supposed to love her.

Me: I know,,please help me.

Ma: okay I will try but I cant promise anything type yevanhu vaye vasiyana nesu vechitema kana vati avachada it means avachada.

Takazotaura dzimwe nyaya hedu ,ndakazobva ikoko very late,,I could see I disappointed my family,ziso randapiwa by my day ndichitaura nyaya yangu if I had been younger he would have hit me but because ndanga ndavawo munhu mukuru kwaive kunyarwa chaiko,,ndakanga ndasvava manje facing reality .I said my goodbyes around eleven I could see it was past their bed time ndini ndakatovanonotsa nemabororo angu,,I drove to my place ndichinanaira I dreaded getting there,Dalla should have been the one there in my bed but I didn't know what kind of grip Vera had on me.ndichingosvika ndakaona Vera Opening the door for me lol ndakaseka ,ndega.

" sorry I didn't know where to sleep."

" saskam go and sleep on the bed."

" OK thanks."

" second thoughts you can't sleep on Dallas bed „rara ipapo get a blanket chete."

Vera

Everything turned sour when the truth came out „I wasn't supposed to go after my friends fiancée but I wanted him,,Dalla used to tell me how good he was and honestly I hadn't had what I called good sex in my life so the way she bragged about him made me want him,,even ka1 chete I just wanted to taste him,,I made soo many moves but he never looked at me then finally he did. Feeling him inside me,,I didnt care kuti we were in the toilet but ndainzwa KUDA kupenga anga akandizadza „I hadn't felt what climax was like but that day i felt it,,takanakirana,,after that taisada kushawana I knew it was wrong but I couldn't help it,,Dalla finding out made our relationship soo bad „Justin didnt want me as much as before,Dalla didn't even want to see me,,ndanga ndangosara ndega,,I was embarrassed to even talk to Trevor I realised I had messed up but receiving Justin's call made me feel kuti I still had someone,,I couldn't resist him that's the truth,,even when he was rude I still wanted him,even

through rough sex i still wanted him ndaingonzwa kuti dai yagara irimo.

When he hit me „I understood where he was coming from,,everything had changed suddenly because of me,,ndakamusiya akandirova hake but I was scared he would kill me,,even when he left achibuda I didnt care as long as achizodzoka „but I was really scared I didnt know what I got myself into all I knew was I wanted him.deep down I knew he cared .

### Chapter 9

Dalla

I was enjoying my freedom but I missed the people that i used to hang out with,,,i headed for the gym early in the morning ndanga ndakutoita a bit popular pa sec day,,I don't know if the women around vaisada gym because I saw only just a few women ipapo,,,I wanted to ask but I was shy hangu didn't wanna be too forward.the guy that i had met the day before,,the one who gave me the champaign came to greet me ndichangopinda.

" miss Dalla good morning you are here early hey,,morning start I see.

" pardon me what is your name again?? "

" Simon."

" Simon ? Nice and yes I'm here early I have to get to work early. "

" where do you work?"

" I own a beauty and massage palour in borrowdale semi lemi.

" wow as young as you are,,amazing,, you should give me your card,,a lot of rich guys come here all the time they might need your services."

" unenge waita basa ."

" and you speak our language futi lol you are cute. "

" ehe mungandidii kkkkk,,anyway how come there aren't a lot of women around here."

" they don't want to be as sexy as you are vasiye vakadaro."

" hahaha okay I get you anyway lemme get on it."

" good luck don't be too hard on yourself. "

I went for my exercises did my usual routine,,I went on the running machine,,, my heart started pounding

again,,I stopped I couldn't carry own,,was I having an anxiety attack,,I couldn't figure out what was wrong with me,,I took a sip of water and tried to relax a little without drawing any attention. I started the machine then started running,,I kept running until I got to three kilometers and my heart started pounding I switched off the machine ,took a look around but everyone was busy so I decided to go and take a shower ...

" done soo soon Dalla? "

" something is wrong simon I feel like this place is haunted."

" hahahaha why would you say something like that.

" I donno I jus get a funny feeling when I'm here,,as if someone is watching me."

" but you just started yesterday how can you say that."

" because it started yesterday. "

" I promise you this place is not hausted maybe you just haven't settled in yet."

" yea maybe so anyway lemme hit the shower."

I went in for a shower „maybe Simon was right I was just not used to the place yet,,but why did I have to feel like someone was watching me I hated feeling uncomfortable,, if they were anxiety attacks well bad for me this was just not the right time for such attacks.when I left the gym I went straight home and changed then headed for work I got there earlier than usual before anyone got there,,everyone else came in later,,I heard people talking outside my office like gossiping „before I could find out what was going on I had a knock and my receptionist came in with a basket of flowers chocolates and other goodies.

" ma'am these are for you."

"Where did you get them?"

" they just got delivered now"

" is there a name .?"

" no ma'am no name."

" OK you can have them."

" pardon?"

" I said you can have them."

" don't you want them? But they are for you."

" if you don't want them throw them away."

She left my office,,Justin was not a flower person,,I wanted to suspect him or maybe he had sent them to say sorry well I wasn't going to tolerate him or accept any stupid gifts so that he could manipulate me.ndakagara ndikatanga hangu kugaya how to ask him,,ndaisada kutaura naye saka asking him zvaitoita atange kutaura neni but still if it was him I wanted him not to bother saka I ended up asking him.

" what did you just send to my office?"

" nothing what are you talking about?"

" roses and chocolates what what please don't bother me."

" babe I didn't but wait wati watumirwa maruva???? So you have a boyfriend already?"

" nxaaa bye."

I hung up so it wasn't him,,definatly not him,,last person,, Trevor???? No way,,maybe,,ndanga ndaakupinda busy kutsvaga munhu so I just left it

hangu ndaisada kutanga dzimwe nyaya.I continued with my work for the day „I wasn't so busy hangu so I decided to have time for a massage „I got one of my best guys,,, I had been troubled at the gym I needed to relax.an hour having my massage made me forget about a lot of things I felt a heavy weight being lifted off me„I don't know how I fell asleep but I'm glad they left me to sleep „I really needed deep sleep ndakazomutswa na Trisha telling me to go and eat something ,surely I was hungry I hadn't even had my breakfast I had been soo disturbed I forgot to eat.

Trevor tried calling soo many times ndanga ndatoneta ignoring him i ended up answering his calls anga aakundibhowa ndaitomboda changing my line ndiite a new line but I remembered that Trevor and I had spoken and we had agreed to forget everything and move forward without messing up our friendship it's me who was acting as if he had done something wrong but tanga tawirirana.

" Dalla why are you doing this to me?"

" whaaat now lol."

" stop laughing its not funny wandiramwa ka."

" not at all I been busy getting my life back.

" getting your life back ehe but not leaving me behind ndakusuwa.

" I miss my friend too how have been."

" I have been looking for you,,where have you been,I came to your house but I didn't find you.

" because I moved Trevor. "

" do you hate me that much to move without even telling me Dalla what's going on."

" I'm sorry but with all that happened I needed to breath.

" I know but we spoke about all that wani can about we meet for drinks???

" no drinks."

" lol I won't do anything OK you will have juice but let's just meet ,,I miss my friend okay please.

" eho ndokuona kupi."

" Jameson maybe? "

" okay cool."

I didnt know if that was a good idea but what the heck I still had to face the world even after such a storm. Na Trevor we were good friends and I wanted to remain friends . anyway after work I drove home just to freshen up then left to meet Trevor, he was there already when I got there „we hugged and went inside inside „he was looking good smelling good hake. We went to sit in the corner of the bar and ordered our drinks ,the place was a lil quiet and I liked it that way.he kept staring at me as if he had soo much to say but I kept looking away honestly thinking of what had happened between us I was a bit shy of him. And as much as I wanted to deny it I was still turned on by his body and the events of the previous days came rushing into my head.

Him: why can't you look at me.

Me: stop looking at me

Him: I won't

Me:why ??

Him: its my new hobby

Me: okay I'm leaving now.

Him: what are you scared of ??

Me: I'm not scared I just don't want kuti tiite zvatakaita last time.

Him: asi ndanga ndisinga nake here?

Me: lol.

Him: tell me

Me: wainaka

Him: I know we decided to put it in the past but its hard for me to forget it „I'm not good enough for you ndosaka I'm trying to let you go but honestly wakandivhiringa.

Me: I don't wanna talk about all that.

Him: but I wanna talk about it,,I won't promise to be on my best behaviour with you,,if I fail to control myself usandivenge okay ??

Me: I'm not sleeping with you again.

Him: it was not just sex we made love Dalla and it was great.

Me: nothing new you do it all the time men do it all the time.

Him: we might do it all the time but when its different we know it.

Me: anyway how's your girlfriend.

Him: she's fine I told her I was meeting you „she wanted to come but I said no.

Me: you should have let her come I don't want her thinking there's something going on between us I don't want drama.

Him: I wanted time to have you all to myself just to talk so where did you move to????

Me: groombridge I have an apartment there.

Him: I would love to visit.

Me: never

Him: since when???? You can't even trust me anymore.

Me: maybe I just don't trust myself.

Him: do you want me Dalla.

Me: what I want is a fresh start not a man."

Him: yet you can't trust yourself with me.

Me: you still turn me on yes so no you can't come.

Him: ouch and I thought maybe by now my baby would be kicking in your stomach.

Me: lol sorry I been on the pill.

Him: why,, you should have carried my baby

Me: go and make a baby with your girlfriend.

Him: naaaa I'm not even thinking bout marrying let alone have a baby with her,,with you it's different I have always wanted you,you are my friend and sex with you is better than all the women I been with .

Me: stop talking about sex.

Him: does it bother you that much.

Me: yes it does

Him: its because you want us to do it again that's why you are avoiding it.

Me: no I don't.

Him: fine lemme touch you then we see who is wrong

Trevor was crazy but I liked him that way „he made me laugh even when I didnt want to laugh .we laughed so much it was a beautiful evening ,we ended up ordering dinner „he fed me half of it whilst chatting and laughing. I don't know how we ended up staring at each other,,it just happened we kissed like really kissed „hungry kiss .both of us must have remembered what we were not to do then we stopped and carried on with our food as if nothing happened .I didnt want to think deep about this I was there to relax and have a bit of fun that I had missed.we left the bar quite late „he wanted to take me home but I refused „I was still on my word I wasn't going back on my word no man was coming to my house. He came by car where I was about to open the door then closed it

" what's going on.

" I forgot something .

" what???"

" this.....

Before I knew it we were kissing again,, he had his hands all over my body,,there's no part he didn't touch,my body wanted him but my brain said no.we were both just hungry like we had unfinished business.

" let's just go to my place."

" I'm not sleeping with you again .

" look what you did to me."

"I'm sorry .

" I know you want me too."

" if we are going to be friends let's really stop all this Trevor. "

" why did you make me taste it ,then wondinyima futi moyo wako wakaoma Dalla .

" lol go home and good night.

He left me to get into my car and i drove off soon as i got home i went straight to sleep .its time I invested in a vibrator because I was seriously turned on by him.

### Chapter 10

Dalla.

I woke up to the sound of my alarm ,my hand reached out to switch it off it was annoying me,,I had said I wasn't going to drink but I sipped on a bit of wine so now my body felt heavy.I dragged my self out of the bed ,,brushed my teeth washed my face and picked up my gym bag,,,I drove there slowly as if being forced I needed to go and work out ,,Trevor was confusing me ,,I didn't want confusion ndakangosvika nekunanga on the running machine,,,I ran and ran and I was running fast then someone spoke I almost fell then he reached to switch off the machine,,, my heart started pounding again ,worse than all the other days.he held me to gain control of myself but I couldn't gain control of my heart beat ,,he made me sit down on the couch that's when I looked at him and my mouth went dry.

Him: are you alright you were too fast I thought you were going to break your leg.

I looked at him as if I hadn't heard anything the falls on his face made his face look incredibly hot,,his lips were shaped in a way that even if you didnt wanna look you would look,,his eyes were beautiful you could stare at him for hours,,I was beginning to embarrass myself I then quickly looked down but I wanted to look at him again .

Him: are you OK

Me: yeah I'm sorry you gave me a shock there,,I didn't expect anyone to speak I'm sorry I might have freaked you out.

Him: relax it happens a lot you almost scared me for sure bit I shouldn't have woolen .

Me: lol I guess so hey

Him: by the way I'm Jerrad

Me: Dalla

Him: beautiful name for a beautiful woman,,you are new here

Me: why do you say so

Him: because I'm the boss here

Me: oh my....so you are the one who sent me the  
champaign

Him: its our way of saying welcome,,,,

He was talking yet staring at me with an expressionless face,,I couldn't read him,,he was hard to read,,he wore more of a serious face that didn't really go with his face,,I thought more smiles suited him better,,his dark skin was soo silky and smooth,,his voice was horsey,, suddenly I felt like a teenage girl, I lost concentration over the things he was saying I wanted to get up and go,,the gym was not at all safe for me,,I was trying to start afresh then here I was feeling more terrified than before,,his name Jerrad kept playing in my mind,, he looked way more than a gym owner.

Him: Dalla I said when did you move here?

Me: oh I'm sorry,,less than a week

Him: you are very absent minded are you sure all is well?

Me: yes yes all is well I'm sorry I have to go.

Him: see you around.

Sim: she thinks this place is haunted sir

Him: why

Sim: no idea sir

Him: mmmm

I ignored simon „I felt his eyes on me as I walked away,,ndakaita sendichadonha walking out of the gym „I got to my car ndikambogara for a few min then left.ndakangosvika nekupinda mutub and soaked myself in salts,,his face came back,, what a view „his voice was sending shivers all over me,,who was this guy????he was making me very uncomfortable,,ndakarasa pfungwa ndikageza ndokupedza ndikabva ndapfeka hembe ndikabuda.ndakasvika kubasa when everyone was there already I got into my office ndikavhunduka there were different kinds of flowers all over „I went over to check if there was a note or

anything ndakangoona a note that said,,I hope you like them.I picked up one flower and inhaled the scent ,,it smelt beautiful, I closed my eyes really inhaling all of the lovely scent ,,I was caught up in the smell of flowers yet I didn't know who they were from,,,I went and asked my secretary again but she said they had been delivered by some flower company but they didn't say who had ordered.

I decided to relax and enjoy the show hamheno ikoko.ndakatuma my secretary to order breakfast but it took long to come ndikazodaizirwa a special client that wanted only me,,I took my heels and wore flats I didn't know how long it was going to take,,,I walked into the room,,he was already dressed ready and lying on his tummy,his head was covered with a towel maybe he was sleeping,,I didn't want to disturb him so I just took the oil i used,poured over his back ,,I spread it with my fingers,,his body moved a little meaning he was actually awake but just didn't wanna talk,,I asked if he wanted it soft ,,he shook his head ,I asked if he wanted it a bit rough then he nodded so I pressed deep into his skin and massaged his back,his body was quite familiar I didnt want to ask I continued with the

massage,,he was enjoying it ,,I asked if I could move to his legs and he nodded ,,I did that that's when I knew it,,damnit he was clever ,it was Justin,, he knew I wasn't going to talk to him so he tricked me,,I stayed calm like I hadn't noticed I moved the towel that was covering his ass just a little bit ndookudongorera ndikaona yakatomira hayo,I reached for his balls ndikamutswinya zvekuti akanzwa butter,,he jumped from the bed to go and stand in a corner.

Him: babe you are evil

Me: what are you doing here?

Him: getting a massage what else

Me: you wouldn't have someone else do it ????

Him: I wanted you to do it they can't do it like you.

Me: so why is your dick standing????

Him: because ndozvaunondiita

Me: nxaaaa even Vera does that,,,get dressed and get out.

Him: don't do that to me plus I paid „its not an hour yet.

Me: get someone else or I will do some damage on you.

Him: come on I'm a client.

Me: a client who is my ex that cheated on me please don't annoy me

Him: OK can we talk.

Me: noooo

I walked out and left him getting dressed nxaaa what a psycho ..

I wanted to ask but I didn't know how to ask,,

" I never said you could come in how come you just budged in inga mutoilet you knock first.

" because I knew you wouldn't let me in so I let myself in.

" I see „so what are you looking for here maybe warasika door rekubuda naro ndikupe directions.

"I didnt know you liked flowers soo much watenga wega or someone bought for you.

" what difference would it make because bottom line is every woman loves flowers.

" how come you never told me???

" that was not my duty,,I did a lot of things to surprise you,things I wasn't sure you would like but I didnt care I just did anyway."

" I just thought you didnt need all that since you had everything."

" how can anyone have everything „,love is about small little things not big things but small things that make love beautiful how would you know when you never tried anyway that's not why you are here I'm sure.

" I miss you."

" if you and I are going to have any normal conversation it better not having anything to do with our names joined in one sentence,,I have made it clear that I don't want anything to do with you,,its not easy for me but I'm moving on,,,"

" you can't move on,,you are not allowed to move on without me.

" even my father never bossed me around the way you do,,try it on Vera not me ,,please leave I need to get back to work.

My parents were right she was not ready yet,,she was still angry ,,at least she had actually taken time to speak to me and again at least I had felt her touch one more time ,I said goodbye then I left,,the touch of her hands on my body was torturing me and everytime I felt like that ndainopedzera shungu pana Vera . that was my problem exactly ,,I wasnt deciding on one thing ,I kept wanting to keep Vera na Dalla vese ndaivada mulife mangu it didnt make sense but ndaingoda kuvaona varipo,, Dalla was more like my wife and Vera my side cheek wekunofara Naye kana ndichida kunoita misikanzwa.

I tried to control myself and my thoughts of driving home kunorara na Vera,,I had told her to leave my house but when I woke up I don't know what happened ndanga ndatochinja as if I never mentioned it the day before ,,all this was leaving me confused kuti sei ndikati Vera enda next thing ndoti gara .slowly she was creeping into my life but I really had to get rid of her zvisati zvaipa .Ndainzwa kuti trouse richaputika ndakatadza kuenda kubasa ndikananga kumba where I found her getting out of the shower,,I noticed she had bruises on her because of the way I had hit her the night before.I took the lotion ndikamuzora,,she was relaxed but she was always soo quick to react to my touch,I massaged her in no time she was in the mood,,,I didnt have time I had to go back to work saka ndakangonyika she was more than ready for me,,Vera akakusimudzira gumbo waivhiringika ,,ndakatanga kufunga Dalla ndirimo mukati,,ndikatanga kunzwa hashash,,I started having sex zvehasha but Vera didnt care I think all she wanted was for me to sleep with her ,,it just didn't make sense to me,,,ndakapedza iye apedza kare,,I went and took a shower ndokubva ndabuda going back to work,,,again I was confused ..

I felt Justin's eyes piercing me I stood up straight and hugged Jerrad and whispered .

Me: you better act like my boyfriend because my ex is here.

Him: you better act like my girlfriend when I need you to.

Me: deal

Him: deal.

We broke off the hug then he held my waist „somehow I liked it,,I liked his serious face we had a staring contest I didnt know if he was doing it to annoy Justin or he was actually doing it cause he wanted to.i kept asking myself how I actually sensed his presence by my heartbeat,,several times when my heart starts beating fast its because he will be close.takabatana kudaro I heard someone clearing his throat and it was Justin „,Jerrad didnt move instead he put his hand behind my head „pushed my head towards him I knew it he wanted to kiss me,oh my word I didnt know what to do apa Justin was staring .was Jerrad really serious ????yes he was „next thing I felt his lips on mine,, soo

Ndakaona Justin achiunyanisa kumeso kumeso nehasha „I hid behind Jerrad.

## Chapter 12

Jerrad

So I followed her into her office „she was very upset ,very very upset „I understood why she wanted to stay off relationships maonero andakaita Justin ,,,,he really was a psycho and he wasnt taking the break up well.from the time I had seen Dalla at the gym,,I was captivated by her beauty,,she was gorgeous perfect facial features and body features,,I watched her from upstairs,,she disturbed me she disturbed my thoughts I got glued on to her like magnet.chokwadi ndechekuti we never offered champaign,I had been sipping on champaign „I couldn't invite her for a drink so instead I sent the drink to her with simon my manager.,,I was happy she accepted and I watched her drink it,,she kept looking around as if looking for someone I almost felt like she was looking for me but from where I was only I could see her.

Next day I had the guts to approach her she was too hooked in her training unfortunately I freaked her out by my presents. Her voice was perfect,,sound off music in my ears I could listen to her speak for hours but somehow my presents affected her,,my guess ,,without confirmation. I kept staring and she was staring back I wanted to ask what was on her mind but that would have been too forward of me even though her lack of concentration was annoying me a little bit.when she left I took the chance to send her flowers,,I had no idea which ones she liked so I sent all kinds just for her to pic whatever tickled her fancy.I had tried sending roses the day before ,I wasnt sure if they had been received well that's why this time I decided to go the extra mile.

I didnt know much about her so I decided to do a little research using the card she left by my office ,,she was quite a focused business woman ,,something I liked,,women with brains were definitely my type,,,my annoyance came when I saw pictures of her engagement to some guy named Justin who owned a car sales company and a restaurant I kept staring at the woman in the picture and I felt something in me

turn,,,something about her I couldn't figure it out but I really wanted to get to know her better.she was stuck in my thoughts and it was beginning to annoy me,,,ndanga ndisiri munhu anoda zvinondivhiringidza mupfungwa „I never really took time to google someone up or really put my effort in getting to know someone,,I felt it was a big waste of time as long as zvaisaunza mari mu company mangu.

When she came again this time I had the guts to walk up to her again to ask her out for breakfast „,I wasn't really taking no for an answer besides I had only a few days in the country I wanted to travel out for just a few days so the extra time that I had was perfect to draw her closer.all the while during breakfast I watched her laugh,,she was perfect,her laugh captivated me like no other ever did,, she had a genuine smile on her and I could see she actually enjoyed my company which soo many people never enjoyed,soo many never tolerated my straight face or my so called strictness but she seemed to like it even though she told me to try laughing a bit „,well to suite my soo called shape of face,,which I didn't understand what she meant and I wished I had asked her paakazvitaure but then to me

whatever she had said just didnt make sense then,that's why I didnt ask.

As she left I kept thinking of what to do next,,it had been long since I had been in a situation like this ,,that's when the thought of popping in for a massage came into my head,,I sat there smiling to myself,,I was really impressed by myself, ndakabva ndasimuka and went back to my gym kunomboita work out ndichiona futi kuti vanga vachindida vaenda here,,ndaingonzwa kuvenga vakadzi vanozviwisira pamurume ko ukazviwisira so then basa rangu racho raizova Reiko ma easy get aingova ma easy go so I never took interest. I got there vatoenda kare so I worked out for an hour ,,took a shower then dressed up and left.

I was glad we had met for breakfast because that's how I found out the soo called couple was no longer together,,looking at her you would never believe that a man ,a real man actually had the guts to break her heart ,,break the heart of such a treasure, well we never know what we had until its gone,,she seemed not interested in talking about what happened,, I was not that interested as well ,I just wanted to know her and nothing about her garbage or whatever followed

her.unfortunately time was limited ,she was a very time conscious woman I noticed that as she rushed of to work.

The place was not hard to find I had seen the picture on the internet,, it was a very beautiful place ,,she had really worked hard to make it the way it was ,,it actually made you feel at home usati wambopinda mukati..I got to the gate but it seemed as if something was going on,,I left my car parked outside, I saw dalla walking away but she hadn't seen me,,suddenly she stopped ,something happened to her I rushed to catch her,that's how I got to know what had happened,, I had been busy admiring the building I didnt even get to see that Justin was there.

But her favor,,,what she wanted ,,what she asked me was something I could do anytime she asked me,,but it brought a lot of drama that left us all trouble,, arrogant Justin,,, to me he was a small boy because he didnt know who I was.yes I kissed her,,she had asked me to be her boyfriend and that's what boyfriends did,,kissing their girlfriends.... Strawberry bubblegum is how her lips tasted like or maybe its because she

had bubble lip gloss on her lips,,I sucked it all till it was finished and that was the kiss that brought out war,,

Anyway I followed her into her office.I stood there watching her pace up and down,,she saw me standing there and she walked up to me.

Her:he hit me,,Jerrad he hit me.

Me: I know ,,I saw it remember.

Her: I should report him its enough,, he can't have control over my life like that.

Me:take a deep breath.

Her: I can't ,,if he can go around screwing whoever why can't I,,he screwed my best friend yet he won't let me move on.

Me: do you want to move on Dalla.

Her: hell yeah I want to move on I had to move from my flat ,,I sold everything that reminded me of him Jerrad

Me: yes you did.

Her: I even dropped off all his stuff by his house,,I took off his ring.

Me: yes you did

Her: he's forcing me to forgive him yet I don't want to can you believe that????

Me: terrible.

Her: that bitch came to ask me if they could date openly,,my best friend imagine that.

Me: I can imagine.

Her: do you think I'm uttering nonsense????

Me: not at all you are not.

Her: I'm sorry hey I shouldn't be telling you this.

Me : you need to let it out.

I held her hands she was breathing heavily because of soo much anger,,I knew then she had soo much pain in her she was fragile she needed care , 5 years for someone to just sleep with your best friend wasnt easy,,I understood why she was off man but I liked her

guts that allowed her to actually move on meaning she had it in her,,,,potential to move on,,she needed patients she needed to be handled with care,,on the outside she was fierce but on the inside sooo fragile.

I forcefully gave her a hug ,,she cried and I let her be,,I was told never to stop anyone from crying,, it was part of soul therapy because after crying a heavy weight would be lifted off.when she was done she sat down and I broke of the silence.

"The only way you can seek revenge is by moving on, show him you can do without him,love yourself,, have fun be spontaneous,,, don't cry when he upsets you,,it only shows your weakness.laugh a lot like you were doing in the morning,,

" how do I do that when I don't have my friends anymore ,,there's only Trevor but right now its a little complicated with Trevor.

" what do you mean complicated.

" never mind.

" did you sleep with him?????

" not because it was intentional.

" but???

" hes the one that comforted me when I found out so I got madly drunk and one thing led to the other.

" ooh Dalla.

" I surely seem like a bitch anyway I don't even know why I'm telling you all this .

" because I make you feel free.

" no you make me feel scared.

" ouch „how come.

" you are too serious.

" OK I will change,,, sooo do you want to sleep with Trevor again or do you want to date him???

" not really.

" what do you mean.

" I like him a little but not enough for a relationship,, he's a playboy.

" lol okay I get you. so hang out with me „i won't be a bad boy

" be more of my bodyguard.

" I can be that too.

" lol why are you here anyway.

" I was coming for an appointment „I booked for a massage.

" OK I will ask one of the girls here to attend to you.

" no „I want a massage from the owner of this palour ukagona kundipa massage then I will get you more clients,I will definitely refer them to you in no time this place will be small and you will need more workers.

" what exactly do you do„you seem way more than a gym owner.

" I do this and that hear and there....

" OK I won't ask but I told you all about me.

" no you didnt,, you just told me about your relationship,,,but do tell me more over dinner tonight.

" is that how you ask a lady to dine with you????

" yes.

" OK toenda kumatumbu.

" never.

### Chapter 13

**Dalla.**

Ndakamutarisa like he was joking but Jerrad wasn't joking,,he had actually made an appointment and yes he had requested me,,I confirmed it,, how embarrassing after I had cried my heart out to him,,worse embarrassing I had told him my dirty deeds with Trevor, that's what I called kufarisa kusvika pa last degree kurudunura zvese.he kept staring at me waiting for me kuti ndichiti hande,,all of a sudden I was very uncomfortable and troubled by his presence,,

Him: do I make you that uncomfortable?

Me: no not really.

Him: so what's wrong .

Me: could you please maybe ask someone else,,I'm a little down I might not do a good job.

Him: I still won't mind a bad job if you do it so please hurry up before you get booked again.

Me: fine let's go.

I left and went into my favorite room,,actually the room where I took all of my clients,, it had mirrors all round the client could actually see themselves in the mirror during the massage .I told him to go and change and wrap himself with a towel.

Me: pliz tuck in the towel tightly so that it doesn't fall.

Him: lol why are you worried about my towel falling?????

Me: because it happened before and it wasnt a pretty sight

Him: what you mean not a pretty sight I thought ladies were always waiting for such a sight .

Me: not me..not at all.

Him: because you got used to one sight that's why he's bragging about it .

Me: what does that mean .

Him: I'm saying explore more.

Me: so I should go around ndichingoti huya tione ????

Him: lol no not that way,I'm saying don't hold back to new opportunities.

Me: by opportunities you mean you?????

Him:I didnt specifically say me but I don't mind being your trial and error.

This guy was too straight forward zvaatoita ndinyare worse .he came out of the bathroom and lay on the bed „he had silky black skin yaitsvedzerera „I applied the gel and rubbed on„I sensed his muscles tensing „I wondered if I had done something wrong,, I rubbed again and he tensed even more.now I was worried so I stopped .

Him: who told you to stop???

Me: you are tensing instead of relaxing .

Him: well that's the effect your hands are having on my skin so make me relax.

Me: I'm not sure how to make you relax now.

Him: don't massage me like you are massaging your boyfriend massage me like you are massaging your enemy

Me: but its supposed to feel good I hate my enemies I will hurt you.

Him: it means do something else other than rising my hormones.

Me: you don't quit do you???

Him: no and this is soo unfair.

Me: what do you mean??

Him you are massaging dressed yet I'm naked „how's that fair.

Me: because you are the one who wants my hands on you not the other way round.

Him: your hands are pretty good I would love to massage you once.

Me: lol one day,,now stop talking and concentrate.

I did my thing „I worked my magic ndaida anyatsonoudza vamwe vake kuti I was good „ndainzwa achigomerera kuti zviri kunakidza „when he's time was done ndakazoti Chimuka munhu kwaakuramba hanzi carry on I want more.

Me: more means more money.

Him : I will pay?

Me: whaaat?

Him: yes you are good and I want more.

Me: don't you have a job to get to.

Him: I have workers to fix that.

Me:what do you do exactly????

Him: this and that here and there.

Me: stop that.

Him: I will tell you over dinner so please can I have one more massage.

I carried on massaging him,,I was really tired ,,he took too much of my time but ndaisada kuratidza kuti I couldn't cope.after the last massage he dressed up,went to pay then he left.I went back to my office and sat down,,all of the days events started replaying,,the way Justin had hit me the kiss,,yes the kiss.I wanted to pretend like I didnt enjoy it but what the heck I did enjoy it,,and I was happy ndanga ndaitawo zvakarwadza Justin,, I didnt even regret it by any chance.ndakazoswera ndava bho hangu ndaakufara ,,but some workers were looking at me funny vachida kuziva kuti what really happened after all the drama had happed pabasa pangu.there weren't many people outside but munongoziwa word travel like wind.

I wasnt up for gossip so I didnt entertain anyone. I left work a little early then I went over to my fathers company to see how things were,,,my dad had left most of the things in moms name and mine but she never went there ,,dad's PA practically ran the company,, mom had said going there reminded her of

her husband so she stayed away from company but her bank account was always full she traveled around the world. Dad had taught me everything about the company „I owned half of it so I had to know how to run it,,I even had to study business for me to be able to run things,,but my focus yaive Ku palour. Mom had been pushing me to focus on our company but ndaida kusiya things in order Ku palour kwangu. I went to every meeting of our company so there was nothing I didnt know.I didnt take long then I went to moms house.I got there and she was reading her magazine.

Mom: heeey you didnt say you were coming.

Me: picking up a new habbit .

Mom: sneaking up on me???

Me: ehe mama.

Mom: grow up lol,how are you.

Me: great I'm coming from Whitehouse.

Mom: how are things

Me: things are good mom Mr murove is good at his job.

Mom: its time to go there Dalla people can never be trusted for long „I can't go there but at least you can.

Me: if all goes well I be there full time in two months.

Mom: much better so how are things between you and Justin.

Me:dumped him for good,,he's still sleeping around with Vera behind my back.

I told mom everything and everything that had happened by my workplace earlier that day „she wasnt so happy about it but she supported my idea of moving own with my life.she encouraged me to stay away from abusive relationships and not to force things or expect people to change for me.

Me: mom relax I'm done I'm moving on I'm even going to dinner with a friend tonight.

Mom: slow down Dalla „you already dining out in less than a month take your time to get over this.

Me: should I stay at1 home depressed about my life or I should quickly go out there and meet you new people,,don't worry mom I know what I'm doing.

Mom: I just don't want you to get hurt.

Me: I'm more cleverer now,,so how's your new friend.

Mom: my old friend who's new to you.

Me:lol him yes how's he.

Mom: he's out of the country he sent his greetings to you.

Me: mmmm OK tell him I'm perfect,,you like him????

Mom: you can't ask your mother that.

Me: yes I can especially if I'm going to be the maid of honor at your wedding.

Mom: slow down I'm not even dating him.

Me: why.

Mom: I don't trust him that's why.

Me: because he's not dad.

Mom: yes and because my 6 sense in telling not to trust him.

Me: lol OK mom trust your gut „I came to borrow a dress for tonight.

Mom: stay away from my dresses please haudzose ukakumbira.

Me: mom I promise to bring it back„I want your favourite dress the purple gown.

Mom: try your luck elsewhere darling.

Me: mom please I will bring back I promise.

Mom always had the nicest of dresses she bought from Paris and Italy ,her fashion sense was just too wow„I needed to look wow for the evening„I had no idea of the kind of person he was so it was hard to decide„ I decided to text him instead.

me: Jerrad

Him: hey beautiful

Me: what should I wear „where are you taking me?

Him: just look good enough to eat.

Me: OK lol casual or what.

Him: do I look casual to you???put on a sexy gown OK.

Me: OK.

Him: picking you up at 7 sharp,send me your location.

Me: I will.

Mom finally gave me the dress and I surely promised to return it.it was already 5 and I had less than two hours to prepare „that wasnt much of a problem. I got home and headed straight for the bathroom,,I soaked myself in bubble bath with my glass of wine and relaxed for a full hour .i then quickly bathed and went to dress up, I did light make and styled my hair ndakaisa nice curls that were falling on my back .ranga rakareba saka styling was not much of a problem.five minutes earlier he was outside my apartment suddenly I was nervous I was thinking twice about going.when he knocked on my door ndopandaka jamba ndichisimuka to go and open.we stood then staring at each other he had this kinda look yekutarisa really deep into your eyes usina kusimba unonzwa nekunyara.

I just grabbed my clutch bag and locked then went to his car.it was a black Mercedes with tinted windows I was at one moment scared to get in,,the smell inside was woow wainzwa kuda kudhonzwa mweya.

Him: you look extremely beautiful .

Me: thank you,, you looking good too

Him: and your hair you let it down,,I'm used to your ponytail.

Me: can't have a pony to dinner can I???

Him: chero zvaunenge waita unenge wakangonaka.

We then drove to I donno where but it was a house ,a beautiful two story house,,I looked around as he drove in,he opened the door for me,then I got out of the car.he Led me into the house I almost dropped my jaws it was classic,the furniture was obviously imported,, fresh flowers were everywhere they looked like the ones I had received at work.

Him: welcome to my house.

Me: house? This is a palace.

Him: lol I'm glad you like it.

Me : and the flowers.

Him: yes I sent those.

Me: but how????

Him: long story.

He led me to the dinning table there were lit candles were all over,,the lights were off so the only light there was the candle light. He pulled out a chair for me then I sat down,,he sat across me.dinner was already set on the table and there were flowers all over as well,fresh ones,,their fragrance yakandipinda mukati chaimo.he picked one rose and gave it to me,,I took at and smiled shyly yet inhaling its beautiful scent. He smiled then told me to enjoy whatever I wanted there,,different knnds of food was right there,,different salads,steak,ribs ,chicken

Him: I didnt know what you liked so I asked the chef to make dif dishes.

Me: all this is perfect I don't know where to start.

Maybe you can start here.

He moved his chair where I was sitting,,his cologne filled the whole room,,my heart raced my blood raced,hell what was he doing to me,he picked a strawberry and put it on his lips and asked me to take it,,I was very shy but I imagined playing spin the bottle where we would kiss just for just,,I bit the strawberry a lil and chewed slowly, I went for the other piece left on his lips I tried taking it but I failed instead he chewed it slowly then came for my lips.we kissed for a while it was nice my heart couldn't stop racing. I broke it off. He smiled then helped me serve my own dinner.

### Chapter 14

" Dalla.

"Yes

" you are beautiful

" thank you,,so tell me exactly who you are

" I'm Jerrad.

" be serious you know what I wanna know

" then force it out of me lol

" come on I'm not good at that.

" I wanna make a deal with you.

" what kind of deal.

"A marriage deal.

" what do you mean a marriage deal.

" my father gave me an ultimatum to marry within a month,, either he will end up picking a girl for me or everything else goes to my younger brother.

" does that still happen???

" yes it still happens and its happening to me,,,look I have worked with my father for as long as I can remember,,every effort every sweat was to make it the way it is but I might just lose all that if I don't get married.

" come on don't you have your own businesses????

" I do I own a couple of construction companies about ten gyms,,car sales,which sales only the most expensive cars,, a couple of supermarkets.

" you have all that so what's your problem.

" because my brother is my half brother my mother worked soo hard for that company before she died.

" your mom died,,I'm really sorry ,I lost my dad.

" such is life hey so are you up for it.

" whoa slow down is that why you approached me??

" no I approached you because I actually liked you a lot and theres something about you that I can't explain.

"Look that's a big decision,,we are not even dating what's happens when we get married???

" I can give you all the space you need ,,we can have separate bedrooms,,I won't touch you if you don't want me to,,,I won't kiss you I won't have sex with you,,if you wanna back out after 6 months then that's fine I won't stop you,,,

" lol I thought you were joking as first but now I see you are serious.

" look I never joke about the things I say ,,I'm a straight forward person.

" are we allowed to have other partners in this soo called agreement,,, ???

" no,,, I'm well known you will embarrass me if caught with someone thats not me.

" ok and if you are caught?

" why would I ?

" I donno.

"Please Dalla I need your help I wouldn't ask you if I really didn't need your help,,and besides it will help keep Justin of your back.

" lol so you said if I want out you won't stop me.

" I won't.

" where will I stay????

" you are already renting my apartment ,,you will move in with me...

"Whaaaaat are you the owner of that apartment.

" lol yes thats why I didnt get lost at all.

" what else do you own,,???

" I had forgotten to say a couple of flats and apartments.

" fine,,, deal.

"Are you sure.

" I'm sure I wanna have a bit of fun playing wifey.

" can we kiss at least.

" ok kissing only lol.

We had the most beautiful dinner lol I couldn't believe I had agreed to play wifey,,,it was out of the blue but I felt like doing something crazy,,,I had never thought about doing it,,,but there was no harm in it anyway,,no expectations no what,,no strings attached,,I suddenly felt like a new person like I was in control of my own life.the evening turned out soo great we finished eating talking and laughing I got to know that his mother died when he was still soo young ,,he's father married another wife 2 years after,, they never really got along and the reason for wanting to keep the assets was because of his mothers legacy.

Desert came,,lovely apple pudding,,I dug into it I didnt care,, kudya hako was my thing andinyare kudya ,,I grew up loving food saka whoever was with me aitoziva kuti Dalla loved food.taakutopedza desert I got a call from Trevor ,,,,I ignored him but hanzi na Jerrad its rude to ignore someone you never know if its an emergency.

Trev: babe where you at

Me: at a friends house.

Trev: I'm your only friend „saka upi iyeye wandisingazive

Me: haumuzive kani.

Trev: ok tell me where you are I'm coming to pick you up.

Me: no you can't Trevor.

Trev: Dalla be honest unani sei ukuramba kuti ndiye zvakatanga riini?

Me: I'm having dinner.

Trev: is it a guy?

Me: yes

Trev: hoo ndozvawaakuita

Me: so I'm not allowed to go to dinner with anyone now??

Trev: fine have fun bye.

Me: Trevor wait....

Too late he hung up,,ndakabva ndangopusa ndakabata phone.I didnt know what had jus happened,, he never did that before kana kuti hasha dzacho dzabva nepi I didnt even know.I was all of a sudden disturbed,,, that was not us ,,we were cool all the time,, not zvekukatirana maphone.I think Jerrad noticed my mood had changed.

Me : i told you I shouldn't have answered.

Him: why ? Did he hang up on you.

Me: yes cause I'm having dinner with a guy and I refused to give him my location

Him: he's in love wit you.

Me: noway he's not like that we been friends for soo many years.

Him: he has crossed the friends zone he wants you.

Me:we knew crossing the line would mess up our friendship,,this is soo bad hes the only friend I have I can't lose him.

Him: why do I feel like you want him just a bad.

Me: no I'm don't get me wrong I'm just concerned ok he's my best friend.

Him: why do I sense we are going to have problems because of Trevor.

Me: why would we he's my friend and you want a marriage contract.

Him: trial and error.

Me: ok please tell me exactly how this is going to go before I seriously sign up for something I won't be able to handle.

Him: I want a marriage contract and a trial and error relationship.

Me: meaning I should be able to keep my friends incase all this doesn't work at least let's agree on that part.

Him: are sure because I have a female friend too won't that bother you.

Me: both our friends should be our friends how about that???

Him: fine its a deal.

I was seriously having an interesting evening with Jerrad,I liked the fact that he laid out his thoughts, he ended up playing soft music and we danced „the environment was just soo cosy I had never been in a relationship where a guy doesn't push to sleep or touch me,, this was a path to try something new and not put pressure on each other.we danced for a while his hands did wonders to my body and I wondered how long I would be able to resist his,,just his presence increased my heartbeat,,his kiss sent shivers all over my body so how long really would I keep his hands off me.I decided to test myself anyway.we didnt even realise that it was late already,,we had been lost somewhere else I looked at the time and it was 11 pm,,I had to sleep.

Me: the evening was beautiful thank you so much I had fun and the food was amazing,,but I guess I have retire early.

Him:I wish you could spent the night here,,I promise I won't touch you unless you let me.

Me: you see you already have funny ideas in your head so I will pass .

Him: I'm a gentleman Dalla besides I'm really too tired to drive,,I drank a lot of wine thanks to you kept pouring for me.

Me: you didnt stop me .

Him: so what do we do now?

Me: don't you have a driver.

Him: I told everyone to go except for the chef its just you and me.

Me: fine you tricked me I will take the other bedroom .

You should have seen a wide grin on his face ,we sat for a while longer but I was sleepy,,he took me upstairs and showed the the spare bedroom,,inside it was a perfectly made king sized bed,,,all white sheets and pillows,,a neat freak I figured,it smelled great,,he showed me the bathroom,,,, I went in,I found new towels toothbrush and everything I needed.I took my time showering,,the water was soo warm I could have finished all the water from the geyser munongozivawo

what nice hot water does to your body.ndakapedza and went out,,I found shorts and a tshirt laid on the bed ,,his shorts by the way,,,the size was perfect when I tried everything on zvakava perfect fit.I tied my hair in a pony,, after some minutes I had a soft knock then I went to open the door ,,it was him.

Him: woooow you look stunning,, I didnt know you would look soo good in my clothes.

Me: I should keep them hey.

Him: when we get married you will only wear my clothes

Me: I will be more of a boy then.

Him: you will be a sexy boy.

Me: can I get a hat ,,I don't wanna mess up your nice clean pillows.

Him: I would want you to mess up my pillows dai wauya Ku bedroom kwangu wasvibisa ari ikoko.

Me: bvapo go and sleep I'm tired now.

Him: aren't I getting even kiss zvayo.

Me: oo

We spent about 3 minutes kissing by the door, that was the nice thing about him „we would just kiss and be satisfied with that,,this was exactly what I needed,going slow.he left and I got Into bed,,I didnt take long to fall asleep the bed was soo comfy,,I slept soo deep I even forgot I still had to work,,I had a soft knock in the morning ,I looked at my watch and it was already 8. Damn why did he let me sleep till soo late,,I could smell bacon from my room,,I got up quickly and opened the door,,he was there smiling holding a tray that had all the goodies I craved for,,he brought exactly what I had ordered the other morning when he took me for breakfast.he smiled and pushed the door open.

Him: good morning princess

Me: lol good morning wow that looks good.

Him: I thought of bringing you breakfast in bed since you didnt come down.

Me: you didnt wake me up why???

Him: because you needed the rest.

Me: so who made this ???

Him: I did

Me: you can cook????

Him: only for special people.

Me: mmmm thank you tastes amazing,you should do this when I become your wife.

Him: who will spoils me as the husband.

Me: lol I will

he fed me half then I ate half by myself.I went to take a shower and he took the tray downstairs,, when I came out I found more shorts and a T-shirt on the bed,,I just laughed and put them on .I went downstairs and found him reading a news paper he got up and said let's go,,,we went to the car and got in ndokubva tatobuda headed to my house.
